PART I – GENERAL INSTRUCTIONS

1. PURPOSE:

Intent of RFP:

The City of North Port hereinafter referred to as the “City” desires to contract for Professional Services. It is the intent of the City of North Port, Florida, to request proposals from experienced and qualified proposers to provide construction management at risk (CMaR) pre-construction and construction services. CMaR will coordinate with the design team(s) to assist in the development of the design criteria and estimating for three (3) projects: City of North Port Police Department Facilities, Emergency Operations Center (“EOC”), and Public Safety Complex (“Training Complex”). Services include assisting in the development of design criteria and estimating for the new City of North Port Police Department Headquarters, EOC, and Training Complex. CMaR may be called upon to assist with City Commission presentations and exhibits of the proposed expansion.

A. BACKGROUND:

For this Request for Proposal (RFP), a qualified proposer means only those firms with prior, specific experience in the construction of similar Police and Fire Department facilities, EOC, or training complexes that have been constructed and are operational. The selected CMaR will be required to coordinate with the design team(s) of various professionals to estimate and provide input to the design team as they prepare 30% Schematic Design Drawings (Phase one), Design Development Drawings, and Construction Documents (Phase two) including but not limited to site plans, grading plans, drainage plans, building plans, structural plans, mechanical, electrical and plumbing (MEP) plans, fire protection (FP) plan, stormwater treatment plans, landscape plans, and specialized plans for a 300 x 600 driving pad and an indoor shooting range.

It is anticipated that the contract(s) resulting from this RFP will be split into three phases. Phase one will be assisting in the preparation of Schematic Design Drawings and Cost Analysis. Phase two will include assisting in the preparation of Design Development Drawings, Construction Documents, Permitting, and Bidding. Phase three will include construction phase services with the approval of a Guaranteed Maximum Price (GMP) for each of the three (3) projects.

The proposed North Port Police Department Facilities will be constructed on three parcels of City owned property located at 6631-6633 Toledo Blade Blvd, in North Port, Sarasota County, Florida. The site is located north of Interstate 75 and west of Toledo Blade Boulevard, in Section 1, Township 39 South, Range 21 East. The site is currently undeveloped open land. This new, critically-hardened, facility will house Police Department Administration and associated functions, and will be programmed to accommodate staff growth to 2050, or roughly 110,000 SF, with the possibility of ‘shell’ space to accommodate staff growth to 2070.

The proposed EOC will be constructed on City-Owned land adjacent to Fire Station 81, located at 4980 City Center Boulevard, North Port, Florida. This new, critically-hardened, facility will house Emergency Management staff day-to-day and serve as the command center during emergency events. This facility is programmed to accommodate staff growth to 2050, or roughly 18,000 SF.

Training Complex will be constructed on two parcels of City owned property located at 6644 and 6664 W. Price Boulevard in North Port, Florida. The property currently contains an outdated driving track a recently complete fire training tower/burn building, and a Utilities Department building and related structures. The Utilities Department is in

the process of relocation to a newly constructed site within the city and the structures will be demolished shortly. The combined subject parcels are approximately 17.5 acres and are currently zoned for governmental use.

Scope of Services: The scope of work is a general guide to the work the City expects to be performed by the Consultant and is not a complete listing of all services that may be required or desired.

The City of North Port Police Department Facilities will be constructed on three parcels of City owned property located at 6631-6633 Toledo Blade Blvd, in North Port, Sarasota County, Florida. The site is located north of Interstate 75 and west of Toledo Blade Boulevard, in Section 1, Township 39 South, Range 21 East. The site is currently undeveloped open land. This new, critically-hardened, facility will house Police Department Administration and associated functions, and will be programmed to accommodate staff growth to 2050, or roughly 110,000 SF, with the possibility of 'shell' space to accommodate staff growth to 2070.

The proposed EOC will be constructed on City-Owned land adjacent to Fire Station 81, located at 4980 City Center Boulevard, North Port, Florida. This new, critically-hardened, facility will house Emergency Management staff day-to-day and serve as the command center during emergency events. This facility is programmed to accommodate staff growth to 2050, or roughly 18,000 SF.

The Training Complex will be used to provide practical and realistic training for police, firefighting and emergency service personnel in a controlled environment that replicates actual conditions encountered by first responders. Architectural and engineering services, including facility systems and other specialty services for the design of the Public Safety Training Complex are required, including a master plan design for facility space needs of the current training site located at 6644 W. Price Boulevard, and a master plan design for a 300 x 600 driving pad located at 6664 W. Price Boulevard, in North Port. This could also include, but is not limited to, a new one-story building designed to occupy training offices, classrooms, indoor gun range, storage/vehicle storage, with an onsite simunition shoot house, 300 x 600 driving pad, urban search and rescue props, bulk storage, and emergency medical services training laboratory.

The CMaR will collaborate with the project team as concepts are developed for future police and fire training needs, and prepare budget cost estimates accordingly. CMaR may be called upon to assist with and/or prepare exhibits as needed, and present to City Commission.

Background:

The City of North Port is a charter city located in Sarasota County, Florida, with a current population of approximately 76,652. North Port has a City Commission form of government, with the City Manager reporting to a five-member City Commission. Commissioners are elected and the Mayor is selected by the Commission on a rotating basis.

For the City of North Port Police Department Facilities, and EOC projects, the City is currently progressing with 30% Schematic plans with our Architect of Record, Schenkel Shultz, and wishes to engage the services of a qualified Construction Manager at Risk to collaborate in the process.

For the Training Complex project, Ongoing training is vital to the continued operational readiness of both the North Port Police Department and North Port Fire Rescue. It is the only public safety dedicated training facility.

The City's goal for this RFP is to have a Construction Manager at Risk who can collaborate with the design team(s) on each of these three (3) projects and move to the construction phase through a Guaranteed Maximum Price (GMP) and contract amendments.

Project Description:

The current Police Headquarters located at 4980 City Hall Boulevard is over 185% space capacity. City staff have been working closely with Schenkel Shultz to provide a 30% Schematic package which included design of a new police headquarters, associated parking, roadways, and stormwater retention on an approximately 10 to 12 acres of purchased property.

The EOC is currently housed within a conference room at City Hall, located at 4970 City Hall Blvd., which is a semi-hardened facility, but undersized to support this valuable function. City staff have been working closely with Schenkel Shultz to provide a 30% Schematic design of a new EOC facility and associated parking, roadways and storm water retention on a portion of City-Owned property adjacent to Fire Station No. 81, located at 4980 City Center Blvd., North Port.

Work on the Training Complex will include collaboration with the, yet to be selected, design team as the project team develops space program requirements, which will be forecast to 10, 20 and 30 year look ahead for the following:

- Function of Police and Fire Department operations and training needs.
- Understanding how training will help ensure first responder personal safety
- Better serve staff and ultimately the citizens.
- Role of government through its infrastructure
- Opportunities for efficiently shared space
- Operational safety and security for City facilities with respect to the Commission for Florida Law Enforcement Accreditation and Criminal Justice Information Services.

The CMaR will collaborate with the selected design professional(s) as massing models and concept designs are developed.

Work will include but is not limited to the following:

 - a. Each Committee member will score each Proposer 0 through 5 (5 being the highest score) on each criterion unless the score for the criteria score is processed with a calculated formula.
 - b. The score will be multiplied by the criteria weight. The total raw score obtainable is 100 and bonus points (applicable preference points) will be added to the total points scored.
 - c. Each total raw score will be converted to an ordinal score.
2. Ordinal Scores are determined as the order of preference based on the individual member’s raw scores.
 - a. The highest raw score will receive an ordinal score of one, 2nd highest raw score will receive an ordinal score of 2, and so on.
 - b. The individual ordinal score for each proposer by each committee member is added together for a total ordinal score.
3. The lowest total ordinal score will be ranked as #1, 2nd lowest ranked as #2 and so on.
4. The Committee will meet in a public meeting to discuss the responses, scoring, ranking, and all issues related to the project. The committee members have the right to either:
 - a. Adjust their scoring based on committee discussion; or
 - b. Re-rank the proposers based on committee discussion; or
 - c. Determine a ranking by the consensus of the committee.
5. The Committee will hold a ‘closed’ meeting (via Microsoft Teams/telephone discussions) with each of the Proposers to further clarify the City’s requirements and the Proposer’s proposals prior to the public ranking meeting.

SELECTION – EVALUATIONS, RANKING AND TELEPHONE DISCUSSIONS: The Committee shall evaluate and rank the proposals submitted by all responsive firms. Telephone discussions will be held with all firms submitting prior to ranking. Discussions are **not** open to the public. See schedule below and ensure that a representative of your firm will be available via telephone when called by the Selection Committee. Each of the firms will be contacted via e-mail and informed of the time that the discussions will begin. The firms **may be** provided with additional information regarding the project requirements along with written questions from the selection committee. The discussions will be conducted with submitting firms in alphabetical order, with an anticipated time frame not to exceed 20 minutes with each firm being called consecutively.

As stated above, discussions will be held via telephone utilizing the telephone number listed on the signature page of the submittal form. It is each firm’s responsibility to have the appropriate personnel at that telephone site to respond to the questions and/or for clarification. Once the telephone discussions (are **not** “Open” to the public) are completed, the Selection Committee will commence the discussions, evaluations, and ranking portion of the meeting (which **is** “Open” to the public).

The firm ranked number one by the Committee will be the firm recommended for contract negotiations. In accordance with §287.055, Purchasing on behalf of the Committee shall forward their recommendation to the City Manager in rank order the response or responses of which the Selection Committee deems to be in the best interest of the City. Purchasing shall request the City Manager to authorize staff to negotiate a contract with the number one (top) ranked consultant. Following the negotiations, a final contract will be presented for City Commission approval.

If presentations are not requested: Contract negotiations will then commence with the top-ranked firm pending City Manager approval. The department will prepare the agenda item for the next available City Commissioner meeting and request the City Commission approve the contract and authorize the City Manager to execute the contract with the top-ranked, responsive and responsible firm.

If presentations are requested - Formal Oral Presentations: Purchasing will establish the schedule and proposers will be notified within a reasonable time period (date provided below), in advance of the date, time and place of the presentations. The specific format of each presentation will be provided to proposers with the notifications. Oral presentations will **NOT** be open to the public.

The City will allot equal time for each proposer. The format may consist of formal presentations, questions and answers, and discussion for clarification purposes. Oral presentations will provide an opportunity for the proposers to demonstrate their ability to use time efficiently, effectively and economically. The times allotted are maximum and no firm will be penalized for using less than the allotted time.

Final Ranking (if presentations are requested) and Recommendation for Award: Upon completion of the oral presentations, the Committee will rank the top three proposers on their oral presentations to determine the top ranked proposer considered to be the most capable of performing the required project in the best interest of the City. The Department will prepare the agenda item for the next available commission meeting requesting the City Commission approve the contract and authorize the City Manager to execute the contract with the top-ranked, responsive, and responsible firm.

Upon completion of the telephone discussions or oral presentations, the Committee will rank the proposals to determine the top-ranked proposer. Committee recommendation will be submitted to the City Manager for approval to commence negotiations with the top-ranked firm.

- K. The CMAR must pay all taxes required by law in connection with the activities done in furtherance of this Contract including sales, use, and similar taxes, and unless otherwise mutually agreed to in writing, must secure all licenses and permits necessary for proper completion of the work, and pay any related fees.
- L. Violation of any local, state, or federal law in the performance of this Contract constitutes a breach of this Contract. The CMAR must comply with all laws, ordinances, rules, regulations, and orders of all public authorities relating to the performance of the work required. If any of the Contract documents are at variance with any law or regulation, the CMAR must notify the City without delay upon discovery.

If the Administrative Agent agrees with the recommendations, then the CMAR must work with the Design Consultant to change the plans and specification and the Administrative Agent must approve in writing.
- B. The CMAR must be thoroughly familiar with the Project. Where appropriate and as requested, the CMAR must make written recommendations with respect to the Project, foundations, selection of systems and materials and cost reducing alternatives, and must assist the Design Consultant and the Administrative Agent in evaluating alternatives and their long-term cost effects.
- C. The CMAR must call to the attention of the Administrative Agent and Design Consultant any known or perceived defects or omissions in the design, drawings and specifications or other documents as the CMAR notes, as soon as practicable. The CMAR must report without delay all identified design errors or omissions; but the parties recognize that the CMAR's review is made in the CMAR's capacity as a contractor and not as a licensed design professional. The recommendations and advice of the CMAR concerning design alternatives are subject to the City's review and approval.

- D. The CMAR must review the Construction Documents and make recommendations in writing to the Administrative Agent with respect to dividing the work in a manner that allows the CMAR to take bids and award separate construction Trade Contracts. The divisions must be acceptable to the Administrative Agent, taking into consideration factors including but not limited to, natural and practical lines of severability, sequencing effectiveness, access and availability constraints, total time for completion, construction market conditions, availability of labor and materials, community relations, availability of qualified and minority contractor participation, and other factors pertinent to saving time and cost.
- E. The CMAR must assess conditions in the construction market to identify factors that will or may affect costs and time for completing the Project. The CMAR must conduct reviews as may be reasonable necessary to: (1) determine and report on availability of labor, material, equipment, potential bidders and possible impact of any shortages or surpluses of labor or material; and (2) in light of such determination, make recommendations with respect to long lead procurement, separation of construction into bid packages, sequencing of work, use of alternative materials, equipment or methods, other economics in design or construction and other matters that will promote cost savings and completion within the Project Schedule.

VIII. BASIS OF GUARANTEED MAXIMUM PRICE

- A. The CMAR must submit to the City a proposed GMP as described in the Scope of Services and consistent with the Contract Documents. The CMAR will submit the proposed GMP in accordance with the Preconstruction Schedule.
- B. The CMAR acknowledges and agrees that the GMP proposal must include:
 - (1) The Scope of Services under the RFP, this Contract, the Construction Documents, and any other material documents that were used in preparation of the GMP. Notwithstanding the foregoing, if the Construction Documents fail to depict an item that is essential for operations, the CMAR must provide and install the item as part of the GMP. If the Construction Documents contain inconsistencies, discrepancies, or omissions of which the CMAR has knowledge, or that are reasonably inferable from the Construction Documents, the CMAR will not be entitled to a Project Schedule extension, or a GMP adjustment for the items and the CMAR must correct, and complete the items;
 - (2) A list of all allowances and the statement of their basis;
 - (3) A list of all material clarifications and assumptions made in preparing the GMP as necessary to supplement the information contained in the drawings and specifications. The list must not include restatements of any existing provisions of this Contract.
 - (4) A statement of the estimated costs (organized by trade categories), allowances, contingency, and other items, including a list of all fees or other costs that comprise the GMP;
 - (5) The date of Substantial Completion upon which the proposed GMP is based; and
 - (6) A schedule of issuance dates for the Construction Documents upon which the proposed GMP is based.

- C. The CMAR acknowledges that the GMP includes an amount designated as the City Contingency. The CMAR is only eligible to receive the City Contingency if the City approves a Change Order/Amendment to this Contract or as otherwise provided in this Contract. Any Change Order/Amendment must specify the portion of the City Contingency being made available and the purpose.
- D. The GMP must be inclusive of the arrangement and supply of all job-site facilities, including workstations equipped with telephones, desks, and computer or other electronic equipment that is reasonably necessary for the Project Team to perform the management, inspection, and supervision of the Project's construction.
- E. The CMAR acknowledges that the Design Consultant may modify the Construction Documents from time to time, and if the City presents the CMAR with modified Construction Documents, the CMAR must complete the Project as modified.
- F. The GMP proposal is subject to the City's acceptance, at the City's sole discretion. If the City wishes to accept the GMP proposal, the City will prepare a contract amendment, incorporating the GMP along with any other provisions the City deems necessary for the performance of the construction phase of the Project. In the event the City does not accept the GMP proposal, the Administrative Agent will inform the CMAR in writing; this notice constitutes an immediate Contract termination and neither party will have any obligation to the other regarding the Construction Phase of the Project.

IX. OWNERSHIP AND USE OF WORK PRODUCT

- A. It is understood and agreed that the CMAR must deliver to the City the CMAR's work product, including reports and other documents and data developed in connection with its services; this work product will become the City's property upon receipt. The CMAR hereby assigns all its copyright and other proprietary interests in the work product to the City.
- B. The CMAR may not use any of the work product on any non-City project unless the Administrative Agent agrees in writing. The City reuse of the work product on other projects will be at the City's risk.
- C. The City records all land related changes and/or activities in its corporate ERI ArcGIS 10.1 based Geographic Information System (GIS). The CMAR must provide the City at no additional cost all GIS or Computer Aided Drafting (CAD) formatted data created or modified in support of the Project, as a project deliverable for inclusion into the City's GIS. GIS data files submitted in support of the Project must adhere to City GIS standards, and CAD drawings submitted must adhere to City CAD standards.
- D. Computer systems and databases used for providing the documents necessary to this Contract must be compatible with existing City systems. The Administrative Agent will advise the CMAR of the systems and databases in writing or in the Notice to Proceed, and upon any changes thereafter.

X. CMAR PERFORMANCE

- A. The performance and completion of the required services is vitally important to the City's interests. The CMAR must assign project manager and other personnel necessary to assure faithful prosecution

and timely delivery of services for this Contract. The CMAR's key personnel assigned to perform the services must be the same as those identified in the RFP response. The CMAR must ensure that all key personnel, support personnel, and other agents are fully qualified and capable to perform assigned tasks. Any change or substitution to the CMAR's key personnel must receive the Administrative Agent's written approval before becoming effective.

- B. The CMAR's services must commence upon the CMAR's receipt of the Administrative Agent's written Notice to Proceed. The time limits in Preconstruction Schedule will begin to run as of the date of receipt of the Notice to Proceed but are subject to adjustment depending upon the design schedule in the Design Consultant's Contract.
- C. Time is of the essence in the performance of this Contract. The CMAR agrees that all work performed for this Contract must be completed within the time limits of the Project Schedule, subject only to delays caused by force majeure or other reasons provided in this Contract.
- D. The CMAR agrees to provide the Administrative Agent monthly written progress reports concerning the Project's status. Written progress reports will accompany each monthly invoice. The Administrative Agent may determine the format for this progress report. Upon the City's request, the CMAR must advise the City in writing regarding the status of the CMAR's Work.
- E. In the event unreasonable delays occur on the part of the City or regulatory agencies as to the approval of any plans, permits, reports, or other documents submitted by the CMAR and that delay the Project Schedule completion date, the Administrative Agent will not unreasonably withhold the granting of an extension of the Project Schedule time limitation equal to the delay.
- F. In the event the Preconstruction Schedule completion date is delayed beyond the date stated, the CMAR must continue its efforts in full force and effect until the earlier of (1) direction by the Administrative Agent; or (2) 12 additional months have elapsed after the Preconstruction Schedule completion date.
- G. If the City delays or suspends the Project for a period exceeding six months, the City and the CMAR may negotiate a contract amendment for the fair and equitable compensation for the CMAR's continued services.

XI. CITY OBLIGATIONS

- A. The Administrative Agent is designated to serve as project coordinator and to do all things necessary to properly administer the terms and conditions of this Contract. The responsibilities of the Administrative Agent include:
 - (1) Examining all reports, sketches, drawings, estimates, proposals, and other documents presented the CMAR presents, and render written decisions within a reasonable time;
 - (2) Transmitting instructions; receiving information; and interpreting and defining City policies and decisions with respect to design, materials, and other matters pertinent to the Work;
 - (3) Reviewing for approval or rejection all the CMAR's documents and payment requests; and

- (4) Determining when and if it may be in the City's best interests to shift funding among tasks identified in the Scope of Services, providing that the not-to-exceed amount of this Contract is not exceeded. Any determination must be memorialized in a Field Change.
- B. Upon request, the City will furnish the CMAR with all data, plans, studies, and other information in the City's possession that may be useful in connection with the Work, all of which will remain the City's property and must be returned to the Administrative Agent upon completion of the CMAR's services.
 - C. The Administrative Agent will conduct periodic reviews of the CMAR's work. The Administrative Agent will ensure the availability of other City personnel, where required and necessary to the CMAR's completion of the Project. The City, in its sole discretion, will determine the availability and necessity of personnel to assist the CMAR.

XII. TERMINATION

- A. City's Termination With or Without Cause. The City Manager or designee may terminate the Work under this Contract with or without cause, in whole or in part, whenever the City Manager or designee determines that termination is in the City's best interest.
 - (1) The City may effectuate termination by delivering to the CMAR a written notice of termination at least thirty (30) calendar days before the date of termination, specifying the extent to which performance of the Work is terminated and the date upon which the termination becomes effective.
 - (2) Except as otherwise directed, the CMAR must: (i) cease all work on the date of receipt of the notice of termination or other date specified in the notice; (ii) place no further orders or subcontracts for materials, services, or facilities except as necessary for completion of the portion of the Work not terminated; (iii) terminate all vendors and subcontracts; and (iv) settle all outstanding liabilities and claims.
 - (3) The CMAR must deliver to the City all documents (including but not limited to reports, designs, specifications, and all other data) prepared or obtained by the CMAR in connection with its services.
 - (4) The City will pay the CMAR for the portion of the work completed prior to delivery of the notice of termination. The City has no obligation under any circumstance to make any payment to the CMAR for services that have not been performed or that are performed after delivery of the notice of termination.
- B. Non-Appropriation. The parties acknowledge and agree that the City's financial obligations in this Contract, or any subsequent contract or Amendment entered or referenced when the City is a party, are subject to the provisions of Florida Statutes Section 166.241, as amended, regardless of whether a particular obligation has been expressly so conditioned. Since the City Commission appropriates funds annually on a fiscal year basis, the City's legal liability for the payment of any costs will not arise unless and until the City Commission approves appropriations for the costs for the applicable fiscal year; nor will liability arise if a request for the appropriations is excluded from the budget that

the City Commission approves. Notwithstanding the foregoing, no Commissioner, officer, employee, director, member or other natural person or agent of the City will have any personal liability in connection with a breach of the provisions of this Section or in the event of the City's default under this Section. This Contract does not constitute an indebtedness of the City nor an obligation of the City to levy or pledge any form of taxation nor an obligation for which the City has levied or pledged any form of taxation.

- C. Termination for Abandonment. If the CMAR abandons performance under this Contract, the City Manager or designee may terminate this Contract upon three (3) calendar days' written notice to the CMAR indicating the intention to do so. The written notice must state the evidence indicating the CMAR's abandonment.
- D. Termination for Non-Civility. The CMAR agrees that its employees and agents will communicate with City employees and members of the public in a civil manner. Any aspect of the CMAR's performance, including complaints received from City employees or members of the public, may cause the City to terminate this Contract in accordance with the provisions contained herein.
- E. CMAR's Termination. The CMAR may terminate this Contract only in the event that the City fails to pay the CMAR's properly documented and submitted payment request within ninety (90) calendar days of the Administrative Agent's approval, or if the City suspends the project for longer than ninety (90) calendar days.
- F. Court Proceedings. The City Manager or designee reserves the right to terminate this Contract immediately in the event the CMAR is placed in either voluntary or involuntary bankruptcy, a receiver is appointed for the CMAR, or an assignment is made for the benefit of creditors.
- G. Breach. In the event the CMAR is in breach of this Contract, the City must provide written notice of the breach and the CMAR will have ten (10) calendar days to cure, calculated from the date the CMAR receives the notice. If the CMAR fails to cure within the ten (10) calendar days, the City Manager or designee may immediately terminate the Contract and/or refuse to make any additional payment, in whole or in part, and may demand the return of a portion or the entire amount previously paid to the CMAR due to:
- (1) The quality of a portion or all the CMAR's work not being in accordance with the requirements of this Contract;
 - (2) The quantity of the CMAR's work not being as represented in the CMAR's payment request, or otherwise;
