

Non-Competitive Procurement Memorandum

Date: July 14, 2023

Subject: Procurement Justification of Thompson Pump repairs

Rationale for the Method of Procurement: The procurement was needed to perform emergency restoration to a diesel bypass pump. The diesel engine was damaged due to flooding from Hurricane Ian.

Contractor Selected: Thompson Pumps is the original equipment manufacturer and sole source vendor.

Contract Type: Thompson Pumps is North Port the Utilities Engineering Department Standard.

Explanation of Contract Price: One quote to replace the diesel engine on this unit.
