

Procurement Summary Memorandum

Date: January 25, 2023

Subject: Procurement Justification of DFS for SCADA repairs

Rationale for the Method of Procurement: The procurement was needed to perform emergency restoration to our collection system's SCADA systems. Various pieces of equipment were damaged due to water, wind or power issues related to Hurricane IAN. SCADA equipment is needed to run and monitor the collection system to ensure public health and safety.

Contractor Selected: DFS was retained as a known and trusted local provider. They have been providing service to the City of North Port for years directly related to this SCADA system. Please see the attached Non-Competitive Procurement Justification for additional detail of the procurement.

Contract Type: . Two (2) Purchases Orders with Fixed Not-to-Exceed Amounts, FEMA Clauses and Forms Appended.

Explanation of Contract Price: Contract price was based on two separate Not-to-Exceed quote acquired from this vendor by the City.
