Heather:

The following resources should be helpful to the board:

Chapter 58 – Current ULDC (repeal anticipated to be effective 10/28, so I’m not sure how useful this will be)

Chapter 6 – Natural Resources (anticipated to be effective 10/28)

Future Land Use Element of the Comprehensive Plan– proposed adoption 7/23 under Ordinance 2024-09

Conservation Element of the Comprehensive Plan (attached)

Subject: Historic Sites

Good afternoon. I am not sure if this is a planning thing but.....do you know where I can find a list of all of the city's historic designations (areas)?

Also, do we have a process for determining these historic sites (if not through a development)?

Just for some backstory....the historic board is active again and their duties include the below and they need some additional info in order to move forward on their duties.

- Advise the city commission on ways to protect, conserve, preserve, enhance, and raise public awareness of the city's historic and cultural resources.
- Advise the city commission on designation and regulation of historic and cultural sites and structures within the city
- Identify and recommend designation of historic and cultural landmarks
- Identify and recommend properties and landmarks potentially eligible for listing on the local and National Register of Historic Places
- Periodically review the city's inventory of historic and cultural sites and landmarks.
- Identify and make recommendations regarding the city's comprehensive plan, codes, policies, and projects that influence historic and cultural resources

Thanks.
Heather
