

## Twelve Month Impact State-

### Define your non-profits missions/goals?

Women's Resource Center's (WRC) core mission is to educate, enrich, and empower women of all generations. We believe when a client succeeds, their families and communities prosper. Our programming includes mental health counseling, career development, resource advising, educational scholarships, financial education, wellness support groups, and more, aiming to strengthen our client's financial and emotional stability. On average, we serve 3,000 women a year in a WRC program and provide another 6,000 referrals to one of our community partners.

The funding from this grant supported office supplies and office furniture to offset the essential costs for supplies and equipment for our South County office in Venice. This will enable us to serve more women and families in North Port.

### Indicators or methods used to measure impact?

We are in receipt of all of the items and have been using them and in the case of the paper, it has been utilized.

In terms of progress for our clients. In the past twelve months, we served 2,849 clients. 831 are making progress on their goals.

- 212 clients indicated they have improved their mental health.
- 239 clients increased their financial security.
- 118 clients obtained employment.
- 85 clients secured stable housing.
