<a href="#">R010812-060223</a>	6/2/2023	Cheryl Cook	citymatters58@gmail.com	Attached you will find at least one "reference" Ms. Yates used on her application for promotion in the North Port Police Department. It appears that because you have allowed a questionable exemption for Ms. Yates, the public has no way of investigating whether or not the application contains any violations. The exemption that you have granted Ms. Yates would have been toward any activities preceding her high school years; therefore, anything during her high school years and beyond are not subject to this exemption. ***Please provide any document or any records allowable under Florida Statute 119 that can confirm the content of Ms. Yates' application*** - which allows for up to \$75,000 annual income from taxpayers - does not contain any inaccuracies, untruths, and/or any content that may violate laws for falsifying applications for employment with law enforcement. I am aware of an email sent by Assistant/Deputy Chief Morales that states he will "support" Ms. Yates. Again, please respond timely to this email as Ms. Yates apparently has had access to very sensitive personal information of citizens since at least February of this year. Cheryl Cook		Assigned

An example of an address is as follows: Street name, house number, city, state, zip. ie, '123 main street, any city, state, zip code. • The date of the violation • If the violation is open or closed • The category of the violation. • Any fee issued to the property owner as part of the violation. Additionally, as part of this, we request: • The name and contact and contact information of the software and/or technology vendor, used by the city to create the records and store the data, if an outside 3rd party vendor is used. • The full names and titles of the individuals (the employee's name, title, email, and direct phone) that are responsible for the departments that are collecting the data or implementing the software/technology used to retrieve the data in this request.	5/30/2023	Duplicate

<a href="#">R009446-010323</a>	1/3/2023	Cheryl Cook	citymatters58@gmail.com	Recently, I was in contact with Orange Lien Data, which contact information was provided to me by North Port. In my discussion with their representatives, I found out that they engage in title searches for the city, and that this activity has been ongoing since 2021. However, I requested, through the city, the contract with this company and received a response there were no documents. I also requested invoices and payments to this company and received the same response. Where do I go from here? If there is no contract with, no invoices received from, nor payment made to this company but they are engaged in activities - which are highly sensitive, title searches - there would be reference somewhere in the city's records. Today I requested any production required under Florida Statute 119; however, I am aware that companies are not allowed by law to contribute their services to government jurisdictions. Can you please assist me in finding out why the city is requesting title searches to be done by this company, apparently for no remuneration, and I would want whatever document or documents are available which properties have been requested by the city for title searches, which property title searches have been completed as well as those not completed by this company. Thank you, as always, for your attention to this matter. Cheryl Cook	1/10/2023	Full Release

<a href="#">R009506-011023</a>	1/10/2023	Mike Wasyluk	islandwalkpresident@gmail.com	As we discussed, we would like to review the inspection or quality control reports for the streets in IslandWalk that were constructed by Pulte-DiVosta. We do not need them all but a representative sample would be great. You stated that the streets most recently constructed might be easily accessible to you in an electronic format. Some of the streets in the newer section would be Tantino, Borrego, Rinella and Oriago. If any of these are readily available, please forward. If you think that you could look back further, you may reference IslandWalk Circle, Tantino,Bastiano, and Corradino. Obviously, some of these go back 10-15 years. We do not need complete or total field reports. A sampling would be adequate. Hopefully, my request is not confusing or too overwhelming of a task. We thank you very much for your efforts. Please reach out to me with any additional questions. Thank you very much.	1/10/2023	Full Release

<a href="#">R009373-122022</a>	12/20/2022	Dan Lobeck	dlobeck@lobeckhanson.com	All records received or generated from 08/12/22 through the date of the response to this 12/20/22 request, related to the Heron Creek Development of Regional Impact (DRI) or Heron Creek Development Orders, with all attachments and exhibits, including but not limited to all staff review comments and questions, developer responses, internal emails and memoranda, and analyses. This is not intended to duplicate my separate records request related to the Heron Creek Apartments. Also, this is to request all other emails, letters, memos and other correspondence, with attachments, to or from anyone in the Planning & Zoning Division (including but not limited to Lori Barnes, Katherine Woellner, Carl Bengel, Noah Fossick, Randy Bowling, Sam Hudson and Sherry Willette), Alaina Ray, Jerome Fletcher II, Jason Yarborough, Margaret Roberts, Amber Slayton, Michael Golen, Juliana Bellia and (to the extent in the records of the City) special counsel Jennifer Cowan concerning that matter or otherwise concerning the Heron Creek DRI or Heron Creek Development Orders. Please be sure that the records provided include the latest available -- in the past I have seen an apparent cutoff date well before even the date of the request. Pursuant to s. 119.07(1)(e) and (f), Florida Statutes, if any record is withheld or redacted, this is to request that the records custodian specifically state the basis for the specific exemption from disclosure including the exact statutory citation and state with particularity the reasons for the conclusion that the record is exempt or confidential. A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. A record which is initially identified as potentially responsive and then redacted or otherwise withheld on the basis that it is not responsive to the request is nevertheless requested regardless of the subject matter and as such is within the scope of this request. Thank you very much.	2/22/2023	Full Release

However, the response below to one of my requests, stating that there are no records after September 13 regarding Heron Creek Apartments, is incomplete. This morning, a notice was published for a Planning Board hearing on proposed Ordinance 2023-06, being amendments to the Unified Land Development Code and the Heron Creek Pattern Book regarding the Heron Creek Apartments. This is to request a copy of the proposed Ordinance, the staff report on it, the application for it (originally and as it may have been amended), any emails or other correspondence between the applicant and City staff or otherwise concerning that application, and any other records of the City in that matter. Even if incomplete, please provide to me today whatever you have by then, with the rest after that. Thank you very much.	12/21/2022	Full Release

The invitation was sent out by the city manager to the electeds, but citizens I spoke with received the invitation/flyer from North Port Forward. Also in discussions with others, a suggestion was made to ask for the email of the invitees wherein they accepted the invitation/calendar event. I don't mind giving a little more detail. As I peruse emails over the past years, there is an invitation sent to an elected and they need to accept the invitation. Please produce acceptance of the calendar placement/invitation, whatever it is referred to from Barbara Langdon, Emrich, McDowell and Alice White as well as Jerome Fletcher and Jason Yarborough and **Chief Garrison**. ***Also, all other calendar entries/invitations/invitations accepted by any staff other than listed above for this event***. I was at the building department today and asked about how I could obtain the PDF building plans for our project. They gave us this email address and mentioned that we could make a request to obtain our plans. We officially parted ways with our home builder and now we are taking over the project as the owner/builder. We lack certain plans we need in order to complete our project. We are in a difficult position and we are really hoping you can help us out. In addition to obtaining all of our building plans in PDF form, It would be great to have those plans printed out as well. Thanks in advance and I'm looking forward to your reply,	3/22/2023	Full Release

<a href="#">R009651-012723</a>	1/27/2023		eallenemrich@gmail.com	I am Elaine Allen-Emrich, president of the Kiwanis Club of North Port. Our club met last night and had some questions they asked me to ask you. We are trying to research the Reed v Gilbert case in which the U.S. Supreme Court clarified when municipalities may impose content-based restrictions on signage and the level of constitutional scrutiny that should be applied to content-based restrictions on speech. Understanding that it was that case that created a change last year to the city of North Port's sign ordinance, we would like to ask the following: Can you please provide us with the reason the ordinance was deemed unconstitutional? We understand the word "unconstitutional." However, simply saying it is unconstitutional paints the decision with a broad brush. We are looking for the reasoning behind the decisions so we have a better understanding of what specifically in the code is deemed unconstitutional. Also there are other new prohibitions including "wind signs" or "whirling signs". -->>Can you please provide a photo or definition of a wind sign? <<-- Is a whirling sign one that a person is holding on a street corner or sidewalk and twirls it around near a business? OR is it something with a mechanism in them that causes them to twirl? We don't see definitions for these type of signs in the memo, so we are not sure what they are. We want to be on the same page as the city, so we need to know what is meant by these items so we are not guessing. Can you please tell me why these types of signs are newly prohibited? Lastly, it says 2 signs shall be on the "front yard" only of the property of the event. The question is why? Again, while it's reasonable to understand the city can regulate the location of signs, why is the front yard only and not anywhere on the property during the event? Was it deemed unconstitutional to have a sign anywhere else on a property? We as a club are trying to prepare for the upcoming meeting where the public can participate in the process. Without a clearer understanding of why something is deemed unconstitutional, it's like having a pillow fight with a ghost. That vagueness would cause us to provide commissioners with generalities instead of competent, substantial evidence which we believe is critical to present a case to our elected officials before they make any decisions. Therefore, in order to make sound and meaningful statements about these proposed code changes, our group would like the opportunity to learn how the judgement was determined. Thank you very much for your time. Very respectfully, Elaine Kiwanis Club of North Port	1/31/2023	Full Release

<a href="#">R009664-013023</a>	1/30/2023	Earle Kimel	earle.kimel@heraldtribune.com	Hi: I pulled the PACER case files on two federal suits involving former assistant chief Mike Pelfrey. The cases are 8:18-cv-2072 and 8:21-cv-1123, both of which were resolved through Mediation - which I understand is not routinely logged in through Pacer. I'm requesting the documents detailing the results of that mediation. Also if available I'm requesting a copy of that affidavit of separation for Pelfrey's Feb. 25, 2020 resignation. (Please let me know if I need to submit this through the police records portal). Thanks in advance as always, Earle Kimel	2/6/2023	Full Release

It is my understanding that motions are required to be very specific so that no misunderstanding or misinterpretation can be inferred by citizens or other authorities. Since this word is part of a motion, I am requesting the specific material contained within the "blurb" so that I may understand what the motion's intent was. I am not requesting the document or documents or discussion, but the actual content in the "blurb."	1/23/2023	Full Release

<a href="#">R009989-030923</a>	3/9/2023	Cheryl Cook	citymatters58@gmail.com	And that's the Sun. Maybe the city should delete the post completely instead of what appears to be forcing citizens to subscribe to the Sun because that's what it looks like to me, a quid pro quo for The North Port Sun's assistance in flipping the November election toward their anti-deannexation candidate. In fact, why is the city involved in this discussion at all? It's open litigation. ***So let me do this: I am requesting all invoices for legal work regarding the deannexation issue and the time frame is June 2022 to present.*** Thank you		Inactive

<a href="#">R009237-120122</a>	12/1/2022	Kimlyn Walker	kwalker@lobeckhans.com	<p>Thank you for taking the time to speak with me and go over the Herron Creek development rights. As we discussed, I am requesting the following information: 1. All correspondence/agreements between the Developer and the Planning and Zoning staff that determined the 133 MF units (made up of the 48 independent units and the 85 continuing care units) where not considered Multi-family and that they could be converted from the Office General square footage. 2. Please confirm that the Planning and Zoning staff determined that the 48 independent units and the 85 continuing care units are not considered Multi-Family. Please provide the applicable Code provisions as to Multi-Family, and Assisted living facility units, including definitions. 3. As we discussed, the Table in Section 3.01 shows the approximately 4,762 sq. ft. deleted from the Retail Shopping Center square footage, using the conversion chart in the DRI Ord. to provide for the 20 additional Multi-Family units reflected in Phase IV, but it does not show the approximately 33,000 sq. ft. subtracted from the 40,000 sq. ft. of Office General to provide for the 48 independent units and the 85 continuing care units, please explain why this was not documented. Does the Department have a Master List that tracks the buildout? 4. Please confirm that the Bi-Ennial Status Report that is submitted to the Planning and Zoning Department is not presented to the City of North Port Commission and only provided to the Planning and Zoning Department for their records and review. 5. Please confirm as you stated, that the Planning and Zoning Dept. is aware that the numbers shown in the Bi-Ennial Status Report for Heron Creek (from Nov. 2018 to Oct. 2020), Exhibit A - Development Activity Summary are not accurate. 6. Please provide me with copies of each of the extensions submitted, pursuant to the Executive Orders issued in response to Covid and Hurricanes, Sec. 252.363(1)(a), Fla. Stat., that extends the current buildout date of Phase IV to November 8, 2024. 7. Please explain what the current, existing, and approved planned use are for Parcel K in the Heron Creek Community. 8. Explain how the Developer's proposed Zoning/Special Use application for Parcel K expired. Provide time line of original application and expiration date. 9. Please provide me with all communication, Developer's proposed application, staff reports, comments from staff and City Dept.'s, Development Review Committee, etc. between the Planning and Zoning staff and the Developer during that process concerning Parcel K. 10. At this time, can any Multi-Family residential units be built on Parcel K? 11. Please explain what the current, existing, approved planned uses are for Parcels D, E, and F in the Heron Creek Community. 12. At this time, can any Multi-Family residential units be built on Parcels D, E, and/or F in the Herron Creek Community? 13. Confirm that Parcels D, E, and F are in the Development Order. 14. Has there ever been any proposal submitted to the Planning and Zoning Department to consider a proposed Rezoning/Special Use for either Parcels D, E, and/or F in the Herron Creek Community? 15. As adopted in the Comprehensive Plan, please provide the long-range development and descriptions within the Pattern Book, adopted and revised in 2016 by the City of North Port for each of the following Parcels K, D, E, and F. 16. Would any change to these Parcels require an amendment to the Pattern Book?</p>		Inactive

<a href="#">R009352-121622</a>	12/16/2022	Cheryl Cook	citymatters58@gmail.com	Recently, Jill Luke gave an interview on a local radio station regarding the West Villages deannexation efforts. Ms. Luke appears to have identified herself as representing the City of North Port, although the interview was conducted after Ms. Luke was out of office. During the program, Ms. Luke was also identified as "former mayor," and some of her statements were very questionable. Since Ms. Luke made statements during this interview that could potentially be injurious to the taxpayers of North Port, I am requesting any documents indicating whether or not Ms. Luke represented the City of North Port in any way for this interview.	12/16/2022	No Records Exist

<a href="#">R009990-030923</a>	3/9/2023	Cheryl Cook	citymatters58@gmail.com	PRT Note: Referencing R009951-030623 I may be using an incorrect document title. Whatever document links the city of North Port to North Port Forward. I'm trying to figure out the parameters of the city's liability for activities of North Port Forward, at the very least. There has to be a document of whatever name, as Mr. Fletcher described it as a partnership, and the document protects the city from issues that may arise as a result of North Port Forward's activities. I am looking for the extent of the activities of North Port Forward that the city is liable for. As an example, in the past, in a special meeting to rewrite the charter in its entirety in early 2017, a non-North Port resident was allowed, without public notice, without discussing her qualifications, to sit as an equal member of the Charter Review Advisory Board. After continued requests, the clerk's office produced a document which stated that this non-North Port, non-qualified individual was receiving insurance coverage from the city for any incidents that may have arisen from her activities. I am looking for some sort of identifier so I can discern the extent of liability and the extent of legal responsibility such as records production North Port Forward has as a result of the partnership with the city. That's all I am looking for, some identifying document as listed above.	3/21/2023	No Records Exist

Unicode states your neighborhood development services department have a copy of Exhibit A available for review as it relates to Building Permits? However I found nothing in development services on the City Web site. Below the excerpt from the North Port Unicode. (b) The City of North Port hereby approves and adopts Chapter 1, Administrative Code, as amended by the City of North Port in accordance with F.S. 553.73(4)(a), including all appendices thereto, as part of the North Port Building Code, as contained in Exhibit A, which is available for inspection in the neighborhood development services' office. All previous versions of Chapter 1 Administrative Code are repealed. Please provide a copy. I also requested a PRR accordingly. I would also like a copy or a reference link to the specific Florida Building Code regarding single family construction requirements, as well as, any City of NP specific Building Codes that I need to be comply with. Last Friday, I did meet with your Building Department staff and she was very helpful. She answered questions and provide me with a Building Permits application package and thanks again for that. Hopefully this information will benefit everyone and help streamline the permit process as well as for an individual to better understand. Again thank you for your time. <a href="#">R009803-021523</a>	2/15/2023	Cheryl Cook	citymatters58@gmail.com	Good morning, Mr. Fletcher Recently, I noticed either an agenda item or during budget that the two clerk positions from 2017 were redacted, if that's the word. I believe at the time these were temporary positions but I think Mr. Lear also designated they be permanent at the time. They were filled by "Becka" Clifford and another lady whose name escapes me but is long gone from city employment, as is Ms. Clifford. If it is possible, can you send to me the closing of these two positions. Again, I believe it was as recent as last year. Thank you. Cheryl Cook	2/15/2023	No Records Exist

<a href="#">R010326-041723</a>	4/17/2023	Ms Edie Driest	edriest@comcast.net	Good day, Please provide me with some data that supports the notion that residential housing actually costs the city more than it brings in whereas commercial businesses make the city money. Might there be a total of (property tax) monies brought in from residents and monies brought in from commercial for comparison say for the last 5 years? A few years ago, assuming I recall correctly, City Manager, Peter Lear had told me that it was estimated that for every dollar that residential housing brought in about \$1.25 is spent (on infrastructure ie fire, roads, etc.) Or was it for every \$.75 that comes in, \$1.00 is spent. Something like that. This is a link that discusses the various shortfalls etc. : <a href="#">Cost_of_Community_Services_Studies_AFT_FIC_201609.pdf</a> (farmlandinfo.org) And of course this can vary between governments. I would hope that the figures I'm searching for are easily accessible and hopefully would not be too terribly cumbersome to provide. Thank you, Edie Driest	4/17/2023	No Records Exist

This is to replace a composite roof screen room. It was applied for saying we are pouring a slab and building the comp roof screen room. Sadly, the slab is existing, but the only permits I can see online do not match the composite roof that was originally added to the house. I need the permit number for the original composite roof if at all possible. The oldest permits I can see online go back to 2016, and this comp roof looks to be much older than that. I hope there is something in the files for this. If not I really appreciate the effort. The address for the project is: 8855 Chesebro Ave The current homeowner is Robert Holland. Regarding construction of the pool/screen enclosure on the neighboring Lot 42 Block 521 (the home for which I am informed was constructed in 1998), I would like to verify that pool/screen enclosure permits were issued and the corresponding setback/survey/permit/CO issuance information for same. Please confirm that there was a duplication in the 9/17/2022 payment of \$335,900. Also, were these payment solely for the reimbursement of Wastewater ERC's or both Wastewater and Water ERC's? I believe only for Wastewater, as the agreement only provides for reimbursement of Wastewater ERC's, but wanted to confirm. Are there any future obligations of the City of North Port to reimburse Wastewater ERC's? Lastly, I had requested the # of ERC's for which the City has issued and TRI either was credited or collected upon, which is a requirement of TRI to report to the City of North Port per the Utilities agreement on pages 14 and 19 of 37 of the attached Amended Utilities Water Agreement for Wastewater and Water Utilities ERC's. How many ERC's have been issued since the Wastewater Treatment plant has gone on line? Please provide the number of ERC's for which were issued by the City for both Wastewater and Water ERC's. Could you please answer each question on how to apply for cancellations/refunds? 1. Does this city/county accept online refund requests? 2. How long are permits valid before they expire? 3. Can we submit refunds on expired permits? 4. If there are expired permits, what is the process to request cancellation/void for them? 5. What is the turnaround time to receive a refund after requesting, if possible? 6. Total percentage of refund from the original payment (how much should we expect to get back) 7. Is there any additional paperwork required to submit a refund request besides the refund request letter? 8. Are there any additional requirements when submitting a refund to this AHJ? 9. To which email should we send the refund requests/cancellation forms to? Thank you so much and have a great day!	1/20/2023	Not Public Records Request

<a href="#">R009745-020723</a>	2/7/2023		lhubberman@hotmail.com	The West Villages Index Map adopted 11/13/07 shows that Village A, which is Gran Paradiso, is supposed to have an 8 to 12 foot trail that goes completely around the development. Is this trail a paved trail such that a golf cart could use it, or could it be a walkway trail that is behind the tree line? I can say with certainty that there is not a paved trail that completely circles the development. <a href="#">R010060-032023</a>	3/20/2023	Cheryl Cook	citymatters58@gmail.com	On 5-24-22 Pete Emerich made a statement to Barbara Lockhart, who was asking for taxpayer funds for her nonprofit that he was developing a "process" to give her same as well as city property. In early 2017, on a "consensus" during commission comments after a multiple hours-long meeting, all five electeds agreed to contribute funds from their taxpayer-funded travel account to a nonprofit on which Miss Debbie McDowell sat at that time, called "Backpack Angels." Since that time, travel logs have been discontinued, on which receipts of expenditures of this sort may have been identified. At this point, there is no way for scrutiny of taxpayer giveaways of the sort mentioned in the Pete Emerich statement, nor the consensus for the "Backpack Angels." Also, considering North Port Forward on at least one occasion has been allowed free use of public facility, along with top level staff including the city manager, assistant city manager, police chief and others, it appears certain individuals and groups are allotted taxpayer resources including all of the above. In light of these developments, and as Mr. Emerich stated, he was developing a "process" to utilize to give away our money and property, as well as no method for citizens to track the activities in any of the above three city resource giveaways, can you, Ms. Slayton, or Mr. Fletcher, give me an idea how citizens of North Port can figure out how to track these different giveaways, whether money, land/property and/or use of city facilities, staff, city website as well as materials utilized, at least in the case of North Port Forward, color photocopying. Thank you for your anticipated response. Cheryl Cook	3/20/2023	Not Public Records Request

It is my understanding that motions are required to be very specific so that no misunderstanding or misinterpretation can be inferred by citizens or other authorities. Since this word is part of a motion, I am requesting the specific material contained within the "blurb" so that I may understand what the motion's intent was. I am not requesting the document or documents or discussion, but the actual content in the "blurb." I am copying the city manager in my request as staff's participation in producing the content would probably be necessary.	1/3/2023	Not Public Records Request
