**Marina Park Coast Guard Auxiliary Dock**  
**Address: 7030 Chancellor Blvd, North Port, FL 34287**  
**Coordinates: 27.033303, -82.250013**

# Marina Park Coast Guard Auxiliary Dock

The Marina Park Coast Guard Auxiliary Dock is comprised of a floating aluminum dock section, a gangway, and pressure treated wood pilings. The dock sustained damage to the gangway and wood pilings due to the storm force winds and rising water levels as a result of hurricane Ian. The dock section showed no visible signs of damage but, will need to be reattached. This dock is utilized by the coast guard auxiliary in their help to support the U.S. Coast Guard on the water.
