SUBJECT: Boca Chica Survey Results

DATE: December 14, 2020

---

Capital Improvement Project P22PAS, Boca Chica Neighborhood Park, is slated for consideration during the Fiscal Year 21/22 budget process with \$300,000 in funding anticipated via a Park Impact fee allocation. The proposed park location is a 4.2-acre site located on Boca Chica Avenue between Ponds Street and Oceanside Street. Development of this site aligns with the City of North Port's Strategic Priority to "Expand access to community recreation, green space and Blueways for public enjoyment."

During a Commission Workshop on June 18, 2020 there was Commission consensus to re-evaluate Boca Chica neighborhood public input. Parks & Recreation developed an eight-question survey, and copies of the survey were mailed to 140 houses neighboring the potential park location. Additionally, advertisement was done via a press release, email notifications, and social media posts (via the Parks & Recreation and the City's Facebook pages, Nextdoor and Twitter) which guided readers to a website landing page that was developed for this project. The survey was available for four-weeks between November 11 and December 8, 2020 and garnered 162 responses.

The survey provided residents the opportunity to give input on what type of park, if any, they would like to see developed in their neighborhood and what features and amenities are most desired. Additionally, questions were structured to obtain information such as expected frequency of use, and household information including age of family members and distance from their household to the proposed park location.

Key survey results, and the most popular responses are highlighted below; all results are provided in the attachment.

Development of a park in this area is supported by 96% of those that responded. A total of seven responses, approximately 4%, indicated that they do not support this park. The majority of respondents prioritized an active neighborhood park that features trees, natural shade and a walking path. Desired amenities included picnic tables, a restroom and playground equipment. Survey results did not support a design that included public art or a decorative fountain, also low interest was received for athletic fields/sports courts, an off leash dog park or a community garden.

Following the completion of the survey, Parks & Recreation has received two emails from neighbors of the property stating that they did not complete the survey but are not in favor of a park in this area. Additionally one neighbor of the property called Parks & Recreation to state their support for the park. Since this input was not received through the survey, it is not included in the survey analysis below.

### Survey Question Response Analysis

**Question One** asked respondents to provide direction on what type of park they would like to see at this site and offered three response options: Active Neighborhood Park, Passive Neighborhood Park, or Other. A majority of respondents (62%) selected an “Active Neighborhood Park” designed to promote physical activity, fitness and sports. The second most popular choice, at 37% was a “Passive Neighborhood Park” designed to promote nature observation, walking and enjoyment of open space. The “Other” option saw a 27% response rate with a majority stating the desire for a playground or a combination of the options. Comments received support inclusion of trails, a pet friendly park, and child/family-oriented offerings.

**Question Two** asked respondents to provide direction on what type of general features they would like to see at the park, listing ten answer choices including an “Other” option to write in a response. Respondents were able to select multiple features. The top two answers were trees/shade (88%) and a walking path (75%). Natural areas (flower beds, landscaping), parking, and security lighting were also strong performers with each seeing at least a 51% selection rate. The “Other” option saw a 29% response rate with 46 total comments with 25 responses noting a desire for a playground. A decorative fountain and public art/sculptures received less than 25% of selections.

**Question Three** asked respondents to provide direction on what type of amenities they would like to see at this park listing twenty potential responses including an “Other” option to write in a unique response. The top three answers were picnic tables (78%), a restroom (74%), and playground equipment (70%). Two additional strong performing answers were benches and small shelters/pavilions, which received above a 64% selection rate. All other options were below a 50% selection rate with football/soccer field, baseball/softball field, and shuffleboard courts each receiving less than 13% selection rate. Evaluation of the comments did not reveal an overarching theme, however, did highlight many unique responses based on individual preferences with references to cell phone charging stations, corn hole, frisbee golf, skatepark, and pickleball.

**Question Four** asked respondents to indicate how often they would visit the park if it was developed and listed six answer choices ranging from every day to less than once a month. The top response was “a few times a week” with almost 50% of respondents selecting this option. All other answer choices received less than a 20% selection rate with the bottom two answer choices being “less than once a month” and “once a month”. In total, 82% of respondents indicated they would visit the park at least once per week.

**Question Five** was an open-ended question that asked for the respondent’s street address. Almost all respondents listed a street address or street name, with only five responses refraining from providing a relevant answer. Of these responses received, over half (56%) indicated that they live less than 2 miles from the proposed park location. The chart below and the attached map outline the response distribution.

Distance from the Proposed Park Location	Number of Respondents	Percentage of Respondents	Respondents NOT in support of the Proposed Park*	Respondents in support of the Proposed Park
Within a 1/2 Mile	38	26%	3	35
Between a 1/2 Mile and 1 Mile	16	11%	0	16
Between 1 Mile and 2 Miles	28	19%	0	28
Between 2 Miles and 3 Miles	22	15%	0	22
Between 3 Miles and 4 Miles	18	12%	1	17
Between 4 Miles and 5 Miles	11	7%	0	11
Between 5 Miles and 10 Miles	8	5%	0	8
Between 10 Miles and 13 Miles	3	2%	2	1
Greater than 13 Miles	5	3%	0	5

\* One respondent not in support of the park did not provide an address.

**Question Six** asked participants to indicate the age range of each adult in the household, listing six age ranges between 18 and 70+. Respondents indicated that they have an adult age 30-39 (51%) in their household, followed by 30% indicating they have an adult aged 40-49 in the household. The age ranges with the least household representation were age 50-59 and 60-69, both received less than a 10% response rate each.

**Questions Seven** asked participants to indicate age ranges of children in the household listing four age range options between 0-17 and a “N/A” option. Respondents could select all applicable age ranges. The standout response for this survey question is the age range of 5-12, with 75 residents noted in that group.

**Question Eight** was an open-ended question that invited participants to provide any additional feedback about the proposed park site. Over 60 participants provided relevant feedback comments, with many reiterating responses from earlier questions. The most common theme expressed was accessibility to or walkability of the park, 18 comments expressed a “close to my home” accessible theme and an additional six comments referenced walkability in the park. Fifteen comments referenced family and community gathering as a favorable value.

Comment quips

- ❖ “...I live right by there and there are a lot of children in the neighborhood that would enjoy a park within walking/biking distance.”
- ❖ “Would love to see a playground with plenty of shade for kids and maybe a garden they can

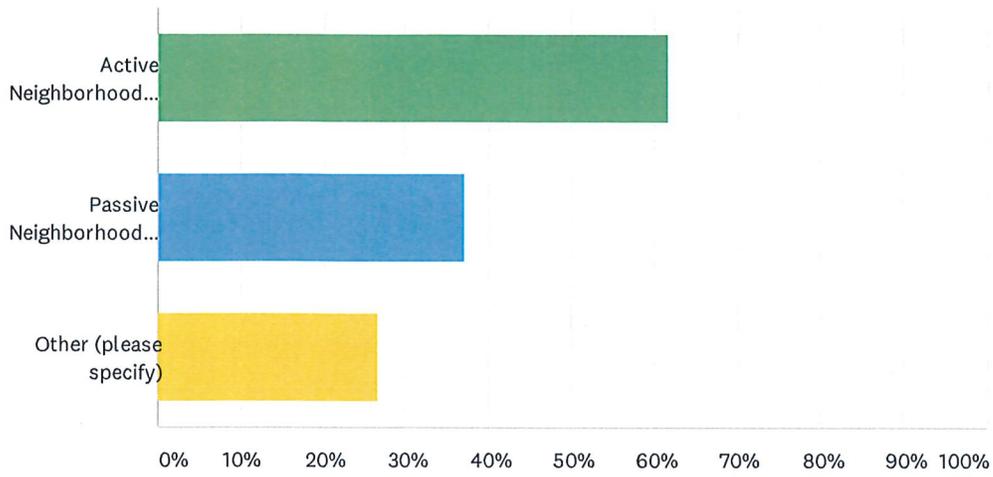

- learn and explore.”*
- ❖ *“Would love another splash pad type park that has a playground. Atwater’s playground isn’t really great for young kids and the splash pad is always so crowded!”*
  - ❖ *“...Love the wild life and would love to have walking paths through the area. Dirt or even synthetic surfaces used in other parks to walk on.”*
  - ❖ *“There are many teens and kids in the area I see using skateboards and bikes. It would be nice to have a safe place for these kids to be at to do what they like and possibly make friends there! I see this as a win win for the kids and for any of their parent’s safety worries.”*
  - ❖ *“Would LOVE to see a nature trail or small playground within walking distance of our house.”*
  - ❖ *“I love being a resident of North Port due to the amount of parks and fun places for our family. Having active areas for children with their parents helps build strong families!”*

Based on the responses from this survey, Parks & Recreation will recommend funding of Capital Improvement Project P22PAS within the FY21-22 budget process to develop the park to include a playground, walking paths, benches, and similar amenities.

17	I'd love to see a playground for kids. It would be extremely neat if this park even included the skycoaster playground like they have at a park in lakewood ranch..... It's the park that also has a frisbee golf course along with another playground. I think almost a replica of this park would give all the residents something fun to do and promotes social distancing, but still allows fun for everyone, and gets more family outdoors to enjoy this breathtaking scenery I have grown to love since moving to North Port a few months ago. This is by far the best town for families!	11/15/2020 1:32 AM

## Boca Chica Neighborhood Survey 2020

#	RESPONSES	DATE
1	We would love to see a playground with plenty of shade for kids and maybe a garden they could learn and explore	12/7/2020 6:26 AM
2	Park would be give .more places for the homeless to gather	12/6/2020 6:53 AM
3	A shaded area is my main concern. Minimal landscaping is needed. It does not have to be a pristine st augustine area, more of a shaded park that families can go to in the summer without worrying about the sun. Blanchard Park in Orlando FL is a great example of what id love to see,, just a smaller version. Id love to be a active part of this, as we live a few blocks away. Please reach out if there's anything I can do or help with at 321 961 5582.	12/5/2020 2:54 PM
4	Shade is needed for the space to be used. Security lighting & landscape lighting will add to the safety & ambience	12/4/2020 5:36 PM
5	It would Be very close to home and it is Something my kids, and i will enjoy!	12/4/2020 4:16 PM
6	As a park professional please keep this park simple. No restroom or picnic shelters. Remove all invasive plants and replant with natives. A pollinating garden with interpretive signage. Also when installing drinking fountain incorporate a bottle filling station.	12/4/2020 1:45 PM
7	I would love to see the foam plastic instead of mulch at the playground. Thank you!	12/4/2020 11:06 AM
8	Would love another splash pad type park that has a playground. Atwater's playground isn't really great for Young kids and the splash pad is always so crowded	12/4/2020 10:59 AM
9	A better splash pad that's close!!	12/4/2020 10:45 AM
10	We have been wanting a park close to home for so long! Excited for this! Thank you!	12/4/2020 9:51 AM
11	I think it would be an awesome addition to the neighborhood. I live right by there and there are a lot of children in the neighborhood that would enjoy a park within walking/biking distance	12/4/2020 9:21 AM
12	More natural green space is never a bad idea	12/4/2020 9:20 AM
13	I think it's a great location for a park!	12/4/2020 9:19 AM
14	I don't feel we need a park in this area.	12/3/2020 11:06 AM
15	I would like to see a beautiful and safe park for all the kids and their families.	12/1/2020 10:03 AM
16	The park should be a walk to place, but with 4 acres, very minimal parkway would be needed.	12/1/2020 10:00 AM
17	We don't want teens hanging around. No drug traffic	12/1/2020 9:54 AM
18	No park	11/30/2020 1:33 PM
19	Gopher tortoise live in park across from my home. Male mates with female living next to me on empty lot.	11/27/2020 9:53 AM
20	Glad to have a new park, tho not sure where it will be.	11/24/2020 8:17 PM
21	N/A	11/24/2020 10:18 AM
22	Needs secure, we don't want a draw of teenage problems	11/23/2020 9:30 PM
23	We like the quiet neighborhood, so walking or biking trails is what we would like.	11/23/2020 6:19 PM
24	<3 Parks!	11/23/2020 2:24 PM
25	Have room to toss a football or play some frisbee would be nice, along with a walking/ bike path. Just being able to enjoy nature and the natural habitat would be a great addition to our area.	11/23/2020 11:48 AM
26	I think it's a great idea. Thank you.	11/20/2020 4:27 PM
27	I received a similar survey to this several years ago and I guess I wrongly deduced that this project would have already been completed or at least started by now. I am disappointed that it has been several years and this project still seems to be stuck in a planning loop. I was really excited when I originally learned that the property was going to be a park, I think it would be a really great addition to the area. The lot has a lot of established trees on it already and I hope you choose to preserve that natural Florida beauty.	11/20/2020 4:03 PM

## Boca Chica Neighborhood Survey 2020

28	Please refer to Bob Gardner park in lakewood ranch at location 2710 White Eagle Blvd, Bradenton, FL 34211 for details on park set up / skycoaster equipment/ frisbee golf, thank you!	11/15/2020 1:32 AM
29	Don't waste money on frivolous amenities. Trees and grass will do.	11/14/2020 11:12 PM
30	Our children need more reasons to be outside and play. A playground would be the perfect place to get them out.	11/14/2020 8:52 PM
31	Playground and splash pad	11/14/2020 6:54 PM
32	I would love a safe park with shade close to home. I would visit often with the kids. We currently have to jump across town to the 5 senses park. A walking path would be great and maybe security cameras to discourage crime/vandalism	11/14/2020 6:09 PM
33	Fun!	11/14/2020 5:10 PM
34	I would love a park closer to my home for my family and pets to go enjoy.	11/14/2020 4:28 PM
35	Build it and they will come!	11/14/2020 3:52 PM
36	It would be great for the community	11/14/2020 3:26 PM
37	do everything	11/14/2020 3:13 PM
38	A splash pad would be wonderful!	11/14/2020 3:04 PM
39	Would be great to have a bigger splash pad/playground combo like they have in port Charlotte in our area. A wide variety of activities for the kids to do would be wonderful.	11/14/2020 2:56 PM
40	N/A	11/14/2020 2:37 PM
41	I would like to see a park with a toddler play area.	11/14/2020 2:35 PM
42	Any promotion of outdoor life for our children would be amazing! Playground, sports field, bike rack to ride up there... thank you!	11/14/2020 2:32 PM
43	We could really use a fun space for outdoor recreation on that side of North Port	11/14/2020 11:02 AM
44	There is no dog park on this side of town. The one and only dog park in the city is all the way on the opposite side of Sumter and is very small and dirty.	11/13/2020 11:24 PM
45	Reduce taxes	11/12/2020 11:35 PM
46	This is a very nice idea	11/12/2020 8:50 PM
47	The map attached is not current, there are more homes being built around this property. There are houses surrounding this property so I believe it would be best to avoid noisy activities or facilities for larger gatherings.	11/12/2020 7:34 PM
48	THANK YOU	11/12/2020 4:31 PM
49	I hope it will be a fun place for the family to spend some time together.	11/12/2020 2:56 PM
50	We really need this park in our neighborhood. A lot if children waiting for it snd are excited!	11/12/2020 10:02 AM
51	We need a place to walk for exercise.	11/12/2020 8:24 AM
52	I work in the Toledo Blade Professional Center and look forward to being able to go to this park at lunchtime. It will also be a convenient park where my clients with children can go before or after appointments. I am asked regularly for a nearby park recommendation.	11/12/2020 7:10 AM
53	Preserve the land take out what is needed an nothing more. Love the wild life and would love to have walking paths through the area. Dirt or even the synthetic surfaces used in other parks to walk on.	11/11/2020 11:52 PM
54	Spread the wealth to the East	11/11/2020 11:11 AM
55	There are many teens and kids in the area I see using skateboards and bikes. It would be nice to have a safe place for these kids to be at to do what they like and possibly make friends there! I see this as a win win for the kids and for any of their parents safety worries	11/11/2020 10:55 AM
56	Bocce ball Court	11/11/2020 10:47 AM

## Boca Chica Neighborhood Survey 2020

57	Would LOVE to see a nature trail or small playground within walking distance of our house!!!	11/11/2020 10:31 AM
58	I believe skateparks can be an amazing for the youth of a city. It teaches confidence and promotes strong support systems among young people. And it always seems that skateparks are hard to find and the world needs more of them. I would strongly encourage the city to consider this as an option for this space as it would be beneficial to the whole city. Thank you for your time and consideration.	11/11/2020 10:24 AM
59	I love being a resident of North Port due to the amount of parks and fun places for our family. Having active areas for children with their parents helps build strong families.	11/11/2020 10:14 AM
60	I'd love to see this park without parking and without the amenities that would draw people from other neighborhoods. A quiet community park would be great, but I don't want more traffic in our neighborhood.	11/11/2020 10:12 AM
61	Na	11/11/2020 10:09 AM
62	Looking for place to fish.	11/11/2020 9:41 AM
63	Parks should be low on the City priority list. We will be facing a financial crisis in 2021. This is a wish and not a reality.	11/11/2020 9:35 AM
64	Very excited!!!	11/11/2020 9:26 AM
65	I love this idea! We don't have much in this area.	11/11/2020 9:23 AM
66	more neighborhood parks are badly needed from Salford to Atwater roads. Why have the Parks & Rec dept. been dragging their feet or are they asleep?	11/11/2020 8:34 AM
