R012490-021224	2/12/2024	Cheryl Cook	citymatters58@gmail.com	Attached is a statement attributed to Jerome Fletcher recently regarding due diligence documents, as described by Mr. Fletcher. Since this deal for WMS is stated as having ended, the documents should be available for public scrutiny, I am requesting the documents enumerated in the statement. However, in light of a recent quote of \$600 for a single day of Ms. McDowell's emails is in the public records, for now I am directing **my request to be a list of the documents** so that I may request production on a document by document basis. Again, **this is a request for a list of the documents**. Please do not hesitate to respond with a clarification to my request, if necessary as the clerk's office has done in the past, in order for these public documents to be made available as a matter of transparency, no cost and in the best interest of the public. Thank you in advance for your anticipated cooperation.	2/27/2024	Full Release

A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. R012466-020624	2/6/2024	Roy Smith	roysmith30546@gmail.com	I am on the Board of Villas of Sabal Trace, Phase II, a gated community on North Port Blvd. We need a copy of the original "development plan" for our community as part of conducting a Reserve Fund Study, as it may help us determine whether the sidewalks (that owners had to pay for being constructed) and driveway aprons are owned by the villa owner versus the HOA. Your employee Joy McCrae-Fox was very helpful in locating the plat for us out of plat book 44, page 44C, which I think was later amended and filed as Instrument # 2005088485 48 PGS on 4/28/2005, and later again as Instrument # 2006025071 2 PGS on 2/8/2006. Somewhere in the Declaration it states that the plan specifies common areas that are owned and maintained by the HOA, but we can't find that kind of detail on the plats we've seen. Thus it makes us think there may be a more detailed Development Plan filed somewhere. If you could locate this for us, it would be enormously helpful. In advance, thank you for your efforts.	2/7/2024	Full Release

R012959-051524	5/15/2024	Dan Lobeck	dlobeck@lobeckhanson.com	My May 12 records request was in part for the following: The "synopsis of existing protections" against the Heron Creek golf course being converted to residential development if the golf course shuts down, which Alaina Ray told Deputy City Manager Jason Yarborough by email to him on March 6, 2024, that she would prepare and provide in response to his inquiry to her in that regard. Thank you. I was not provided that record in the response today. Instead, I was provided a "Q&A" sheet the City produced for Heron Creek owners which only partially addresses the issue. It is expected that Ms. Ray provided the "synopsis" she promised to Mr. Yarborough in a different public record she provided to him, probably as an email and perhaps an attachment, which might be expected to include more information than the short and incomplete statement in the Q&A sheet. I continue to request that public record. In addition to inquiring of Ms. Ray you might ask Mr. Yarborough for it. Thank you.	5/16/2024	No Records Exist

R012338-011024	1/10/2024	Cheryl Cook	citymatters58@gmail.com	For purposes of public records, I am including the city clerk in this email request to Ms. Slayton Good morning, Ms. Slayton: Recently, the city approved or presented for approval an ordinance regarding parking. This was actually a very extended issue first brought up when I was still in office and it was a continued topic of Linda Yates. At the earliest stages, this issue began as "boats in the driveway," for which Ms. Yates wanted a moratorium on code enforcement citing individuals' boats being parked in a driveway. After the election of 2016, or thereabouts, this "boats in the driveway" moratorium issue became an expanded issue of "parking." Sometime between the time you were promoted to city attorney in 2017 and the time the former city attorney held that position, and after the 2016 election, Ms. Yates, with the expanded "parking" issue, was allowed by then then commission of 2017 to personally write, according to official city video and minutes, the parking ordinance. There were multiple agenda items, perhaps including all-day workshop/s for this ordinance. It appears that the "Yates" ordinance has been rewritten using this newest parking ordinance. My request is for all documents, notes, calendar entries, et cetera, of your participation in private meetings with Ms. Yates for purposes of the previous Yates-written parking ordinance. As you are well aware, 12 Names LLC, MVP Realty and Legal Council PA has been running a CON on the above stated address 5975 Spearman Circle North. I was a victim of this CON. Contract with the alleged Seller States "Seller with provide title free of liens" When the alleged seller 12 Names LLC could not provide a clear title I did not close the deal. I did not agree to release my \$5000 deposit to the seller as the seller was unable to provide marketable title as promised in the contract. Now 12 Names LLC is suing me for my \$5,000 earnest money deposit. I am preparing a response to this lawsuit. Time is of the essence. In my search for a list of the \$300,000 plus code enforcement liens I consulted the City of North Port Code Enforcement Portion of the City's website. I followed the instructions on the City website which Directed me to OrangeLien.com. For the fee of \$25 i was given a list of liens pertaining to the Sarasota Couty Utilities Department (see Attached). Even though This is helpful to my preparation **I still need a comprehensive list of all the Code Enforcement liens against 5975 Spearman Circle North , North Port ,Florida.** If you feel you are not the correct person to respond, please forward this email to the correct North Port Code Enforcement person whose duty it is to respond. R011960-101023	10/10/2023	Andrew Sheets	federallawsuit4freesp eech@gmail.com	Dear Mayor, Council and MR KUHARSKI I write to bring to your attention further violations of my civil rights and freedom of speech as well as to file a records request. Due to his propensity to not be able to tolerate criticism and his disdain for the First Amendment, COUNCIL MEMBER KUHARSKI has blocked and/or deleted my comments AND OR HIDDEN ME AND OTHERS from his official social media FACEBOOK page. This creates a prior restraint and is unlawful censorship by a state actor. I hereby file a formal records request under FS. 119 for copies of all comments I have made to the KUHARSKI FACEBOOK social media pages where he discusses City business, which he has deleted. I am also formally requesting the complete block lists showing all persons who have been blocked from any of KUHARSKI official social media pages. As always I demand electronic copies of electronic records. Further, if any record or portion thereof is found to be exempt please provide the statutory exemption and a statement in writing with particularly explaining the reason for the conclusion that any record or portion thereof is exempt. To save the City's coffers and time, I hereby make an offer for settlement and compromise. Please let me know your position and/or thoughts. Regards, ANDREW SHEETS, CIVIL RIGHTS ACTIVIST FOR FREE SPEECH AND A FREE PRESS Well KUHARSKI wanted to exercise his speech rights, so I went to his campaign page and WANTED 2 DO the same. BUT I COULDNT, HE ONLY LIMITS HIS FRIENDS? The problem is he uses that page to discuss City business, so it is a open public forum under the First Amendment. As such censorship could be a crime under 18 USC 242. Further, he and the City can be sued civilly under 42 USC 1983. Additionally, KUHARSKI uses the page to perpetuate, communicate, or formalize knowledge in association with City business, so it is a public record. If he deleted those comments with an intent to provide a gain to himself or harm me, it may be official misconduct under FS. 838.022(1)(b). KUHARSKI may want to hide the truth, but we have Government in the Sunshine for a reason.	10/10/2023	No Records Exist

R012162-112223	11/22/2023	Therese McPherson	mcpersontherese@gmail.com	Dear Building Division, Alaina Ray, David Greenbaum, and commissioners, CC Attorney David Shapiro CC Ted and Roger from Wolff Roofing I trust this message finds you well. I am writing to bring to your attention a matter of concern regarding the recent developments pertaining to the roof repair project at 1761 Milan St. As you are aware, I have been in continuous communication regarding the need for repairs, and it has come to my attention that there are discrepancies in the evaluation of the roof's condition. The roof in question received approval from the building division, a process for which I diligently provided documentation to substantiate the necessity for repairs. It has recently come to my attention that the City of North Port is now asserting that the roof is in such a state of disrepair that it necessitates a full replacement. This inconsistency raises significant questions, as the initial approval implied a satisfactory assessment of the roof's condition. It is perplexing that a roof, which received approval for repair, is now deemed so extensively damaged that repair is purportedly unfeasible. In light of these developments, I kindly request that the City of North Port conduct a thorough and accurate final inspection of the roof to reevaluate its current condition. I believe that a more precise examination will provide a clearer understanding of the extent of repairs required. Subsequently, I request that any final approval granted to Wolff Roofing be rescinded, taking into account the factual state of the roof. I am committed to resolving this matter amicably and efficiently, and I appreciate your prompt attention to this request. If necessary, I am open to scheduling a meeting or providing any additional information to facilitate a comprehensive reassessment of the situation. Thank you for your time and consideration. I look forward to a resolution that ensures the integrity and safety of the property in question. Sincerely, Therese McPherson	11/22/2023	Not Public Records Request

R012445-020124	2/1/2024	Stephanie Gibson	citywatchnorthportfl@outlook.com	This record request is incomplete, please reopen and provide. Thanks. S RESOLUTION NO. 2023-R-25 outlines the application and decision-making process for this program which would produce many public records that have not been provided. Further, I would expect meeting minutes from the advisory committee that reflect decisions made and provided to the CM office with documents as outlined in Section 4.03. Other responsive documents would include the record approving the committee's recommendations, check requests with requester and approver names and finally the disbursement checks that fulfilled the applicants request for a mission support item. FYI: The application that has been provided as a responsive record is blank. Thanks, S	2/1/2024	Withdrawn
