Hello North Port,

My name is America and I was interested in being considered for one of the artists to assist the city of North Port in their beautification efforts.

I have attached some pictures of my past work. I have recently updated to using technology for my murals to assist me in taking custom orders so that I can make designs or logos exactly as the customer requests, so these paintings can be used as permanent logos for the business owners.

I would also be interested in serving on your board but am unsure that I meet all the requirements, as my fiancé owns our home here in North Port and I have been traveling back and forth to PA to take care of my elderly parents the last few years.

During my time in PA, I've taught art classes and overseen art projects with local schools and our area's mountain resort, Nemaquin Woodlands.

I have also become involved with our local area to develop a community outreach program designed to revitalize our small town.

I am happy to report that effort has been quite successful.

I chose to take classes to obtain a project management certification to help our community program reach our goals and achieve success.

Resurrect Republic Committee

During my time as president of the committee we raised funding for large-scale community art programs and bought the local church in our town and turned it into The Rose Garden Center for Cultural Arts. Now we can offer many different art programs free for the children in the area and host plays and many different classes for our community members.

I have attached pictures of a large community wall mural I made to hide a really ugly wall at our main street entrance. We also had to raise the \$10,000 for the mural to be turned into a banner, as the wall was unable to be painted.

(Please feel free to look up Resurrect Republic Committee and The Rose Garden Center for the Arts both of Republic, PA on Facebook to see all the many things we have been able to achieve for this small town.)

During my time here in North Port, I substitute teach for Sarasota County Schools and work at festivals, events, and birthday parties to provide face painting for children.

This week I painted faces for Palm Port Apartments' block party.

I am currently in the transition of selling my home in PA so that I can stay in North Port full-time as the school season starts back up.

I would love an opportunity to become more involved in our local community here in North Port and become part of our ongoing success of being a beautiful place to live.

Please feel free to reach out to me to discuss any ways I can take part in assisting our community reaching their goals.

I look forward to hearing from you.
