Chief Todd R. Garrison,

The North Port Police Officers Association and our members are thrilled to announce an opportunity to partner with the North Port Police Department. Our mission is to provide for the good and welfare for our members as well as to promote good public relations and charitable giving to the community.

Our organization has received a generous donation from Linda Cook and Nancy Hoffman who requested that their monetary donation be used to purchase a police canine. This project embraces our mission and therefore, we are excited to offer this donation of a canine to the North Port Police Department. This opportunity would not have been possible without the tremendous support Mrs. Cook and Mrs. Hoffman have for our mission.

Sincerely,

Joe Fussell, President
