I believe the project number is 'RFB-2025-10-0-2025/AS', but I could be mistaken. If so, please use the project name and date to lookup the responsive documents. We specifically request the line-item bid tabulation showing each material, quantity, unit, and unit price for every bidder. If no such line-item tally was created, please provide the full bid submissions from each contractor. A grand total sheet alone is not sufficient to satisfy this request unless it was a lump sum bid. | 10/9/2025     | Full Release   |

In North Port, Florida, officers responded to the lobby of the North Port Police Department regarding a disorderly citizen. A woman was upset because she believed her previously filed complaints had not been properly documented. She was yelling and causing a disturbance inside the lobby while officers attempted to calm the situation.                                                                                                                                                                                                                                                                                                                                                                                                                 | 10/3/2025     | Not Public Records Request |
