After the completion of six months successful service, probationary employees may use Unscheduled or Scheduled (vacation days).

Employees who are on leave without pay status are not eligible for monthly accruals.

Requests for PDO's should be arranged with the immediate supervisor as far in advance as possible, not to exceed twelve (12) months prior to the date of requested leave and in accordance with policy. Should a conflict occur regarding PDO's, the final decision will be made by the District Chief who will be guided by the date of request for the paid time off and the employee's length of service. - F. Employees shall be permitted to use a maximum of two (2) Unscheduled PDO days per calendar year for purposes of Personal Leave. Personal Leave shall not be approved if its use causes the employee's PDO balance to fall below a minimum of 72 hours. Personal Leave shall be counted as time worked for purposes of calculating overtime. No more than three (3) Personal Days shall be allowed for any 24-hour shift.

(or designated representative) and Union, beginning with the party requesting arbitration, will alternately strike panel members until only one member remains. The sole remaining member shall arbitrate the grievance. Either party shall have the right to reject one list.
- G. The Arbitrator shall have the authority to issuance of subpoenas for the appearance of witnesses. Such subpoenas shall be enforceable through the processes set forth under Florida law.
- H. Arbitration hearings shall be conducted in North Port, Florida unless otherwise agreed to in writing by the City and the Union. The Arbitrator shall designate a time

and place for the hearing and notify the City and Union not less than twenty (20) days before the hearing.

SECTION 10

Employees will follow all written and verbal directives of supervisors even if such directives are allegedly in conflict with the provisions of this Agreement. Compliance with such directives will not in any way prejudice the employee's right to file a grievance within the time limits contained herein, nor shall compliance affect the ultimate resolution of the grievance. No employee or group of employees may refuse to follow directions pending the outcome of a grievance.

SECTION 11

Any relief granted prior to Step III requiring the expenditure of City funds which is not in accordance with Florida Statutes shall be void. Any relief granted prior to Step II shall not be deemed to establish past practices, custom, precedent, or usage as to any other circumstances of occurrences without the express approval of the City Manager. Additional Pay Incentives

- The EMS Training Division shall select Field Training Officers (EMS FTO's) to conduct Paramedic Precepting. FTO's shall be required to go through the process to receive approval of the Medical Director and assignment by the Training Division. FTO's will sign an annual commitment to be utilized as directed by the Training Division to further the Mission of EMS in our Department and to precept students, recruits, and employees as directed by the Fire Chief of his designee. FTO's can be Engineers and Engineers can be FTO's but they can not collect pay for both. We recognize the primary job of an Engineer is to operate fire apparatus and the primary job for an EMS FTO is to educate, mentor, and precept new paramedics. If someone want to do both the pay scale allows it moving forward without penalty. Topped out Engineers in the current CBA will go to Engineer 4 which is equivalent to FY 2025 FTO pay and those scales advance together over the three years of the contract.
- Incentive pay for the EMS Field Training Officers that are selected will start in the first year at an hourly rate of \$1.17 per hour and advance per Appendix "B". Payroll change notices will occur as needed and be added or discontinued quarterly as indicated. There will be a maximum of six FTO's per shift (this number can be changed if ambulances are added during the contract period). There is no obligation to have the maximum number of FTO's and the EMS Training Division may utilize any means to select the personnel that will occupy those positions. Character, Skill, QA/QI considerations, ability to accurately complete reports, knowledge, communication skills, ability to interact with others, involvement, influence, etc... are all things that may be considered when selecting the EMS FTO's. EMS FTO's will primarily conduct their assignments on their shift unless they are teaching a class for the Training Division.
- The Fire Training Division shall select Fire FTO's to conduct fire training and associated industry training. Character, Skill, knowledge, communication skills, ability to interact with others, involvement, influence, etc... are all things that may be considered when selecting the Fire FTO's. Because there are so many topics and needed instructors, Fire FTO's will be compensated at the overtime rate when teaching on their "off duty" time as covered in the current CBA and they may change from time to time depending on the training topic of the month and/or their area of expertise. Their teaching or assigned overtime will not move or alter their position on the overtime list. FTO's.
- Incentive pay for TRT members that are selected and approved will be paid at an hourly rate of \$0.78 per hour. **Approved/Rostered** TRT Members that carry all five disciplines of Technical Rescue (as currently approved- 3 Operational level and two Technician level) will receive TRT incentive pay (\$0.78/Hour). To be eligible, Team members must show documentation of

training for a minimum of eight hours in each discipline annually. The 8-hour refresher training for each discipline will be conducted in house with the Team and or as directed/approved by the Training Division and the TRT Team Leader.. There will be a maximum of 12 members per shift with a goal of 8 minimum on duty at any time once we are closer to max staffing.

- Management may remove members from the Team if they are not proficient in their skills.
- Members will be evaluated and tested to ensure proficiency; those not meeting expectations of the TRT Officers and/or Team Leader will be removed from the team roster and their TRT pay will be removed.
- Educational incentives are built into the progression plan and move the employee through the paygrade.
- All employees in the bargaining unit shall be eligible for participation in the city longevity pay incentive program, pursuant to the rules enacted by the City Commission.
- Firefighter/Paramedics in any category (Engineer, Lieutenant, Shift District Chief) are not eligible to demote to FF/EMT without authorization and approval by the Fire Chief and or designee.

Miscellaneous
