- (b) Except as provided in section 8.1(c) below, if any SaaS Services are, or in IRIS's opinion, are likely to become the subject of any infringement-related claim, then IRIS will, at its expense and in its discretion: (a) procure for Subscriber the right to continue using the SaaS Services; (b) replace or modify the infringing technology or material so that the SaaS Services become non-infringing (provided that the replacements offer substantially equivalent performance); or (c) terminate the Agreement pursuant to which the SaaS Services are provided (or terminate the portion of the Agreement to which the infringement relates) and give Subscriber a refund for any applicable pre-paid but unused fees.
- (c) The foregoing obligations in sections 8.1(a) and (b) shall be subject to Subscriber (a) promptly notifying IRIS of the claim, (b) providing IRIS with reasonable cooperation in the defense of the claim when Subscriber becomes aware and (c) providing IRIS with sole control over the defense and negotiations for a settlement or compromise; provided, however, that IRIS shall not enter into any such settlement without Subscriber's prior written consent, which consent will not be unreasonably withheld, and that Subscriber shall be permitted to participate in the defense of any such claim, at its own expense, with counsel of its choosing. Notwithstanding the foregoing, IRIS shall have no obligation with respect to a third party claim to the extent the third party claim arises from: (s) claims arising out of acts or omissions of Subscriber or its users, employees or contractors; (t) claims brought by Subscriber or its Affiliates or Authorized Users; (u) claims arising from the use of old versions software after receipt of modified or updated versions of software; (v) claims arising from the use of Third Party Components or Third Party Data; (w) claims arising from any data, product specifications, information or materials provided by Subscriber hereunder, when used in connection with the SaaS Services or any customization or configuration made to the SaaS Service proposed by or provided by Subscriber under a Statement of Work; (x) use of the SaaS Services in combination with modules, apparatus, hardware, software, or services not authorized by IRIS or specified in the Documentation for use with the SaaS Services; (y) use of the SaaS Services in a manner that is not in accordance with this Agreement or the Documentation; (z) the alteration or modification of the SaaS Services by a party other than IRIS, unless such alterations and modifications were authorized by IRIS or specified in the Documentation for use with the SaaS Services.

consent of the other party, assign or otherwise transfer this Agreement to any of its Affiliates or to an entity with or into which it is merged or consolidated or to which it sells its stock or other equity interests or all or substantially all of its assets. Any assignment or other transfer in violation of this section will be null and void. Subject to the foregoing, this Agreement will be binding upon and inure to the benefit of the parties hereto and their permitted successors and assigns.

- 9.3 Force Majeure.** Except with respect to failure to pay any amount due under this Agreement, nonperformance of either party will be excused to the extent that performance is rendered impossible by strike, fire, flood, governmental acts that are not caused by or within the control of the nonperforming party, orders or restrictions, failure of suppliers, or any other reason where failure to perform is beyond the control and not caused by the negligence of the non-performing party.
- 9.4 No Waiver.** The failure of either party to enforce at any time for any period any provision hereof will not be construed to be a waiver of such provision or of the right of such party thereafter to enforce each such provision, nor shall any single or partial exercise of any right or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right or remedy. No waiver of any rights is to be charged against any party unless such waiver is in writing signed by an authorized representative of the party so charged.
- 9.5 Amendment.** No modification, change or amendment to this Agreement shall be effective unless in writing signed by Subscriber and IRIS. No term included in any invoice, estimate, confirmation, acceptance, purchase order or any other similar document in connection with this Agreement will be effective unless expressly stated otherwise in a separate writing signed by Subscriber and IRIS.
- 9.6 Relationship of the Parties.** The relationship of the parties established by this Agreement is that of independent contractors and nothing contained herein will be construed to (a) give any party any right or authority to create or assume any obligation of any kind on behalf of any other party or (b) constitute the parties as partners, joint ventures, co-owners or otherwise as participants in a joint or common undertaking.
- 9.7 Severability.** Any term or provision of this Agreement that is invalid or unenforceable in any jurisdiction will, to the extent the economic benefits conferred thereby to the parties remain substantially unimpaired, be ineffective to the extent of such invalidity or unenforceability without rendering invalid or unenforceable the remaining terms and provisions or affecting the validity or enforceability of any of such terms or provisions in any other jurisdiction.
- 9.8 Headings.** The titles and headings contained in this Agreement are for reference purposes only and shall not in any manner limit the construction or interpretation of this Agreement.
- 9.9 Counterparts.** This Agreement may be executed, including by electronic signature, in two or more counterparts, each of which shall be an original and all such counterparts together shall constitute one and the same instrument. Electronically executed or electronically transmitted (including via facsimile transmission) signatures have the full force and effect of original signatures.
- 9.10 Cumulative Remedies.** All remedies for breach of this Agreement are cumulative, and may be exercised concurrently or separately, and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

Each party represents and warrants that it shall be responsible for compliance with this provision by all third parties engaged by it to perform services related to this Agreement and shall require that such third parties agree to comply with all legal requirements required of such party under this Agreement.

9.13 Certain Waivers Unenforceable. Subscriber agrees that it will not ask IRIS, or any IRIS employee or contractor, to sign a document that waives liability for property damage, injury, or death that occurs on Subscriber's real property or property (such as vehicles) that is owned or controlled by Subscriber, or in the course of performing a ride-along or comparable activity with Subscriber's personnel. It is also understood and agreed that each local entity will establish its own contract with IRIS TECH, be invoiced therefrom and make its own payments to IRIS TECH

Subscriber may request, and IRIS will consider, formats other than PDFs (e.g. CSV) for the creation of the Records. SCHEDULE C

Technical Requirements

Technical Requirements:

This Schedule lists the minimum technical requirements required for IRIS's RFI, CAD, Data Exchange, and Evidence Management Applications.

1. IRIS - SaaS

1.1 Workstation Requirements

Item	Minimum	Recommended
Bandwidth	1.6+ Mbps (0.2+ MB/s = 200+ KB/s)	6+ Mbps (0.75+ MB/s = 750+ KB/s)

Workstation Site Internet Requirements:

IRIS recommends for the application an overall internet bandwidth connection of 1.6+ Mbps per concurrent user using that connection. Actual performance and usage may vary greatly depending on user usage of other internet-connected applications and your ISP. As-is the case with online editing platforms, the actual application bandwidth, and hardware requirements for an optimal experience are completely dependent on the types and amount of rich media used inside the application, i.e. large images uploaded and utilized by users inside the application require more bandwidth, and/or capability for users working with the aforementioned images. IRIS will attempt to optimize, but cannot be held responsible for, sub-optimal experiences caused by either accidental or malicious media added to the platform by the users sanctioned by their Agency

1.2 Internet Browser Requirements

IRIS RFI is web-based and requires a modern web browser to access the system. IRIS RFI supports versions of Microsoft Edge and Google Chrome that receive technical support and security updates from the browser vendor. Older versions of Microsoft Internet Explorer (IE) are not supported as Microsoft has discontinued support as of October 2020. IRIS recommends that internet browsers be updated with the most recent versions. Optimal performance of IRIS is dependent on the Client maintaining updated internet browsers.

- Preferred: Google Chrome (latest)
- Acceptable: Microsoft Edge (latest)
