

July 2026

To Whom It May Concern:

I have the majority of my 46 years in the classroom and counseling at the secondary level in Ohio. I have additionally had the chance to truly empower others to lead as an Assistant Principal for 13 of those years at the high school level. I have enjoyed working with the staff, students and administrative team as well as being able to be a part of exciting new initiatives in the building at NPHS for over 6 years. My goal is to now put my knowledge and experience into play and impact the community of North Port by serving on the Citizen Oversight Committee. I feel my experience as both an assistant principal, counselor at all levels and teacher in both regular education and special education have prepared me for whatever opportunities this committee may have.

I believe my time as an Assistant Principal at NPHS and the opportunities I had to partner with the city of North Port have given me the background knowledge I need to be an asset to your committee. It would be a privilege to be a part of your team and to continue the excellence that has become a tradition in the North Port community. This is precisely the reason I am applying now. I have been a teacher, counselor, program coordinator/creator, an assistant principal and most recently worked at central office in Sarasota. I have had the opportunity in every capacity to work with staff, students and the community toward solid goals. Every single experience has prepared me for this next step . . . the demands of this community and to deliver the very best to North Port each and every day. The challenge of being assertive and compassionate, leading and empowering, while assisting you all with decisions is one I embrace with great confidence and enthusiasm.

This is why now more than ever, with all of the changes in our community, our population growth, and school choice I believe it is important to focus on those goals for our schools and community so that we can grow into the community everyone wants to live in and we will prosper. I look forward to future conversations.

With great anticipation,

Julie Ann King

2008-2015

Responsibilities as an Assistant Principal:

Professional Development Coordinator:

- Led a team of teachers as our IST (Instructional Support Team). We coordinated the professional development for the entire building.
- This team facilitated the creation of smaller learning communities for all staff to join and grow professionally. The teachers shared best practices, created pupil performance objectives and aligned their curriculum.
- This team assisted teachers in using the highest yield teaching strategies to get the best results in the classroom.

Supervised our Freshmen Teams:

- Advisor of all four of our freshmen academies
- Supervised the Mentor Training Program for freshmen transitioning to TWHS.
- Ran the training and activities for our Mentors to use with our freshmen.

Organized Curriculum Night, and the middle school visits to TWHS.

- Worked with our Mentors, freshmen team teachers, counselors and principals from three middle schools to plan our Curriculum Night for parents and students of the incoming class.
- Worked with all of our elective teachers to coordinate middle school visits and curriculum night.
- Organized groups of students to share clubs, and opportunities for all at TWHS.

Liaison for all of the Local Scholarships:

- Handled all of the local scholarships and contacted donors
- Planned scholarship recognition program immediately followed by a breakfast

Coordinated Veteran's Day Celebration: Full day of honoring over 35 Veterans with interview opportunities and an assembly

Conference Coordinator for all staff

- Set up the parent teacher conferences as well as small team time informational sessions
- Provided opportunities for all parents to learn our new computer informational system
- Counseling department provided college information to parents and students.
- Brought in our Career Center to share information as well as our Alternative Learning School

Evaluated and advised 1/3 of our certified staff which included social studies, science, guidance, and all freshman teams.

- Using the new Ohio Teacher Evaluation System (OTES)
- Conducted walk-throughs for all staff with immediate feedback
- Helped teachers set realistic growth goals for students and professionally for themselves

Attended games and all banquets for all teams

- Over 32 Varsity Sports
- Responsible for appropriate student conduct

Discipline for all freshmen:

- Attendance issues: Tardy and truancy issues
- All disciplinary issues
- Levied suspensions and expulsions when necessary

Coordinated our Intervention Assistance/RTI Team and advised them as we brought services to our students who were struggling academically.

- Reviewed cases weekly in which students who needed services were identified
- Followed up with testing when necessary and had many students on 504's or IEP's when possible.
- Worked with teaching staff to insure that Tier 1, 2 and when necessary Tier 3 interventions were occurring

Coordinated and supervised our freshmen summer school, which was an online afternoon

Hilliard Memorial Middle School
