PROJECT:	PSPP-25-03579; Preliminary Subdivision Plat for Brightmore East
REQUEST:	Consideration of Preliminary Subdivision Plat for Brightmore East
APPLICANT:	Ty E. Gremaux, P.E., Kimley-Horn and Associates, Inc., on behalf of the property owner Manasota Beach Ranchlands, LLLP (Exhibit B, Affidavit)
OWNERS:	Manasota Beach Ranchlands, LLLP (Exhibit C, Special Warranty Deed)
LOCATION:	North of Manasota Beach Road and East of S. West Villages Parkway
PROPERTY SIZE:	± 108.8 acres
ZONING:	Village (V)

I. BACKGROUND

The Planning & Zoning Division has received a Preliminary Subdivision Plat petition from Ty E. Gremaux, P.E., Kimley-Horn and Associates, Inc., on behalf of the property owner Manasota Beach Ranchlands, LLLP, for the Brightmore East residential development. This petition proposes creating a multi-family subdivision consisting of 290 units, divided into 37 six-unit buildings and 17 four-unit buildings.

The proposed density for this site is 2.67 dwelling units per acre, with 67% of the area designated as open space, 580 parking spaces, and a maximum building height of 35 feet. The subdivision construction will include installing essential infrastructure, such as water and sanitary lines, roadways, drainage systems, and stormwater management areas. An application for the final plat has been submitted and is being reviewed concurrently with the preliminary subdivision plan.

The subject property is zoned Village (V) with a Future Land Use Designation of Village (V). The subject property is located within Village G in Mixed-Use Residential Neighborhood 2 (MURN-2) within Wellen Park. The approval of this project will bring the total number of permitted residential units in Village G to 1,218. This figure remains comfortably under the established cap of 1,800 residential units as specified in the adopted Village G Pattern Plan.

II. STAFF ANALYSIS

COMPLIANCE WITH FLORIDA STATUTES CHAPTER 177:

F.S. 177.073(1)(e): “Preliminary plat” means a map or delineated representation of the subdivision of lands that is a complete and exact representation of the residential subdivision or planned community and contains any additional information needed to be in compliance with the requirements of this chapter.

Findings: The subject preliminary subdivision plat meets the definition of a “preliminary plat” and contains all required information for compliance with Chapter 177. Any forthcoming final plat will be required to be consistent with the approved preliminary plat.

Conclusion: PSPP-25-03579 was reviewed and found to be in conformance with Chapter 177, Florida Statutes.

COMPLIANCE WITH THE CITY OF NORTH PORT COMPREHENSIVE PLAN GOALS, OBJECTIVES AND POLICIES:

POLICY FLU 1.8.1. IMPLEMENTING UNIFIED LAND DEVELOPMENT CODE

The City shall enforce creative, innovative land development regulations which contain specific provisions to implement the adopted Comprehensive Plan. Improvements to the land development regulation process shall focus on efficiency and effectiveness through a streamlining of procedures. Land development regulations shall, at a minimum:

1. Regulate the subdivision of land.

Findings: The preliminary subdivision plat application was submitted in accordance with the procedures outlined in the Unified Land Development Code (ULDC) and satisfies all applicable ULDC requirements. This submission effectively implements the vision articulated in the Comprehensive Plan, as specified by the aforementioned Policy.

Conclusion: PSPP-25-03579 is consistent with Policy FLU 1.8.1 of the Comprehensive Plan.

POLICY FLU 2.1.1. SITE AND SUBDIVISION DESIGN

The City shall require that site and subdivision designs are developed according to a process in which the design begins with consideration of connected, integrated open space, followed by definition of development areas and locations of streets and trails to minimize impacts to natural features and environmental systems, and concludes with the establishment of lots/lot lines.

Findings: The preliminary subdivision plat represents a subdivision designed for orderly development, which includes residential lots, associated roadways, stormwater management ponds, and other features that will not impact the environmental systems. The plan preserves on-site wetlands, incorporating 25-foot buffers around them to ensure their protection.

Conclusion: PSPP-25-03579 is consistent with Policy FLU 2.1.1 of the Comprehensive Plan.

TRANSPORTATION ELEMENT, POLICY 5.5: The City shall continue to implement the land development regulations, implementing City standards which require developers to provide bicycle/pedestrian pathways, where appropriate, in new subdivision developments.

Findings: The proposed subdivision includes 5-foot sidewalks on both sides of all internal roadways. These sidewalks connect to 11-foot boardwalks and a 12-foot multi-use trail, which links to existing pathways within Village G. This design ensures a seamless route for pedestrians and cyclists, enhancing accessibility for future residents.

Conclusion: PSPP-25-03579 is consistent with Transportation Element, Policy 5.5 of the Comprehensive Plan.

CONSERVATION ELEMENT, POLICY 1.8: The City shall work with developers and landowners to preserve natural wetlands to the greatest extent possible in order to preserve wetland habitat vital to wading birds and wildlife, especially listed species, and to maintain natural surface water levels in wetland systems and associated habitat. Where appropriate and feasible, the City shall continue to support the acquisition of important wetland habitats/systems, and it is also preferred that mitigation for any wetlands that are taken due to development activity be located within the City of North Port or in mitigation banks adjacent to the City.

Findings: There are 25-foot wetland buffers along the boundaries of the proposed subdivision. All on-site and adjacent wetlands are planned to be preserved throughout this development, ensuring the natural integrity of the system.

Conclusion: PSPP-25-03579 is consistent with Conservation Element, Policy 1.8 of the Comprehensive Plan.

PUBLIC SCHOOL FACILITY ELEMENT, OBJECTIVE 1.6: Implement Public School Concurrency

The City shall evaluate future land use changes, rezoning, and subdivision and site plan petitions for residential development to ensure adequate school capacity is available consistent with adopted level of service standards for public school concurrency.

Findings: A School Concurrency Determination Letter of Receipt was submitted with the subject Preliminary Subdivision Plat application, consistent with the requirements of the ULDC and the processes of the Sarasota County School Board.

Conclusion: PSPP-25-03579 is consistent with Public School Facility Element, Objective 1.6 of the Comprehensive Plan.

HOUSING ELEMENT, OBJECTIVE 1: To provide a variety of housing types and affordability levels to accommodate the present and future housing needs of North Port residents.

Findings: The proposed 290-unit townhome subdivision will increase housing options within the City, consistent with the above objective.

Conclusion: PSPP-25-03579 is consistent with Housing Element, Objective 1 of the Comprehensive Plan.

COMPLIANCE WITH THE CITY OF NORTH PORT UNIFIED LAND DEVELOPMENT CODE (ULDC):

Chapter 4 Article XII-Subdivision Standards

1. No subdivision shall be platted or recorded, no lot shall be sold, and no building or development permit be issued unless the subdivision meets all applicable laws of the state, this ULDC, and has been approved by the City in accordance with the requirements Chapter 2, Article II., Section 2.2.9. for Preliminary Subdivision Plat and Final Plat.

Findings: The preliminary subdivision plat was reviewed for conformance with the ULDC.

Conclusion: PSPP-25-03579 was reviewed and found to be in conformance with the required lot sizes, easements and the right-of-way dimensions set forth within the Unified Land Development Code.

ENVIRONMENTAL

A formal environmental survey has been completed on the site. All permits will be issued in accordance with State and Federal standards.

FLOOD ZONE

The site is in a FEMA Flood Zone “AE” (1% annual chance flood for which base flood elevations) have been determined) according to Flood Insurance Rate Map for Sarasota County, Community Panel No. 12115C0370G, revised March 27, 2024.

III. STAFF REVIEW

The development review committee conducted a thorough review of the preliminary subdivision plat, evaluating its layout, zoning compliance, and environmental impact. Following a detailed assessment, the committee identified no concerns, thereby confirming that the proposed preliminary subdivision plat complies with all pertinent policies and regulations necessary for advancing in the development process.

IV. LEGAL REVIEW

Resolution 2026-R-05 has been reviewed by the City Attorney and it is legally correct as to form.

V. STAFF RECOMMENDATION

Recommended Action:

Approve the preliminary subdivision plat.

Commission Options:

Option 1: Approve the preliminary subdivision plat.

Pros:

- **Consistent with the adopted Village G Village District Pattern Plan:** The project is located within Wellen Park in Village G, an area planned for residential growth and supports the city's intent to provide a mix of housing options.
- **Stormwater Management:** Includes eight new ponds designed to attenuate and treat runoff, ensuring compliance with water quality and flood control requirements.
- **Compact Housing Form:** Provides 290 townhome units, diversifying housing stock and potentially supporting affordability goals

Cons:

- **Traffic Impacts:** Additional residential units may contribute to increased traffic volumes along U.S. 41 and within the Wellen Park area, potentially requiring monitoring or future improvements.
- **Construction Disruptions:** Construction in proximity to U.S. 41 may temporarily affect traffic flow and cause localized disturbance.

Option 2: Deny the preliminary subdivision plat as presented by the Applicant.

Pros:

- **Traffic Mitigation:** Denial would avoid adding new vehicle trips in the Wellen Park area and along U.S. 41.
- **Environmental Preservation:** Retains existing pervious surface area and tree coverage.

Cons:

- **Lost Housing Opportunity:** Denial would limit the provision of 290 single-family attached homes, reducing diversity in the city’s housing supply.
- **Inefficient Land Use:** Leaves the parcel undeveloped, potentially underutilizing land within a planned growth area, adjacent to available infrastructure.
- **Interruption of Planned Development Pattern:** Creates a gap in the continuity of Wellen Park’s build-out and may undermine long-range planning objectives.

VI. PUBLIC NOTICE AND HEARING SCHEDULE

Notice of Public Hearings (Exhibit E) were mailed to the owner and property owners within a 1,200-foot radius of the subject property on December 30, 2025. The petition was also advertised in a newspaper of general circulation within the City of North Port on January 30, 2026, in accordance with the provisions of Section 166.041, Florida Statutes and Section 7.06 of the Charter of the City of North Port, and Chapter 2, Article II, Section 2.2.2 of the City’s Unified Land Development Code (ULDC) as amended.
