

## Six Month Impact Statement

Define your non-profits missions/goals?

Loveland Center's mission is to support individuals with intellectual and developmental disabilities to live their lives to the fullest.

Indicators or methods used to measure impact?

**Loveland uses several methods to measure our impact:**

- **Each individual has 2-3 goals that they work towards to show progress for independence**
- **Each individual has quarterly (3 months) and annual (yearly) reports completed to show progress**
- **Program managers contact families monthly to discuss progress and also reach out to their coordinators**
- **Quarterly family meetings to discuss the program and activities**
- **Collaboration with other local agencies through volunteering provides the opportunities for individuals to work on goals in the community**
