Good Afternoon,

My name is Marisa Lara, and I am an artist interested in being included in your artist database.

I enjoy mural work and have attached examples of my previous projects for your review. In addition to murals, I work across a variety of mediums and enjoy exploring different styles and techniques depending on the needs of each project.

I would love the opportunity to be considered for future projects or collaborations.

Please let me know if you need any additional information.

Thank you for your time and consideration.

Sincerely,

Marisa Lara
