PROJECT INSURANCE REQUIREMENTS

A. Insurance.

- (1) Before performing any work, the Contractor and subcontractors must procure and maintain during the Contract Time the insurance identified in this Section 8 against all claims of injury to persons or damage to property which may arise from or in connection with its performance of the Contract work, unless otherwise specified. The insurance policies must remain in full force and effect until their obligations and warranty periods have been discharged or satisfied.
- (2) The policies of insurance must be primary and written on forms acceptable to the City, placed with insurance carriers approved and licensed by the State of Florida Department of Financial Services, and meet a minimum financial A.M. Best and Company, Inc. rating of no less than "A – Excellent: FSC VII."
- (3) The City Manager or designee may alter the amounts or types of insurance policies required by this Contract upon written agreement with the Contractor.
- (4) Proof of insurance must be filed by the Contractor with the City within ten (10) calendar days after the Effective Date of this Contract.
- (5) These insurance requirements are minimum requirements and in no way limit the indemnity covenants contained in this Contract. The City in no way warrants that the minimum limits are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work done by the Contractor, its agents, representatives, employees, or subcontractors. The Contractor is free to purchase additional insurance as it may determine necessary. The extent of the Contractor's liability for indemnity of the City must not be limited by insurance coverage or lack thereof, or unreasonably delayed for any reason, including but not limited to, insurance coverage disputes between the Contractor and its carrier.

B. Workers' Compensation and Employers' Liability Insurance. Coverage pursuant to Florida Statutes, Chapter 440 must apply to all employees at the statutory limits provided by state and federal laws. The policy must include Employers' Liability with a limit of \$1,000,000 for each accident; \$1,000,000 for each employee; and \$1,000,000 policy limit for bodily injury or disease.

C. Comprehensive Commercial General Liability Insurance. A comprehensive commercial general liability policy, including but not limited to bodily injury, property damage, broad form contractual liability and Explosion, Collapse and Underground (XCU) coverage.

- (1) The general aggregate limit must apply separately to this Contract, or the general aggregate limit must be twice the required occurrence limit.
- (2) The policy must include General Liability with a limit of \$1,000,000 for general aggregate; \$1,000,000 for each occurrence; \$1,000,000 for products and completed operations; \$1,000,000 for damage to rented premises; and \$100,000 for fire damage.

- (3) The City of North Port is to be named additionally insured on the insurance policy.
- D. Automobile Liability Insurance. Automobile liability insurance to include all owned, leased, hired, and non-owned vehicles.
- (1) Automobile liability insurance must be written on a standard ISO form (CA 00 01) covering any auto (Code 1), or if the Contractor has no owned autos, hired (Code 8) and non-owned (Code 9) autos.
- (2) The policy must include liability insurance with a limit of \$1,000,000 for Combined Single Limit (CSL) for each accident; \$1,000,000 per person for bodily injury; \$1,000,000 per accident for bodily injury; and \$1,000,000 per accident for property damage.
- (3) The City of North Port is to be named additionally insured on the insurance policy.
- E. Other Insurance. Other insurance is only required if checked below. If not checked, the referenced insurance is not required.
- [n/a] Builder's Risk Insurance for the Course of Construction or Installation Floater Insurance. The policy must include the "All Risk" (Special Perils) coverage with limits equal to the completed value of the project; and must not include coinsurance penalty provisions.
- [√] Contractor's Pollution Legal Liability for Projects Involving Environmental Hazards. The policy must include liability insurance with a limit of \$1,000,000 for each occurrence or claim and \$1,000,000 for policy aggregate.
- [√] Environmental/Pollution Liability. Required when chemicals being used are listed as "hazardous" on www.epa.gov website. The Environmental/Pollution Liability policy must include a limit of \$500,000 general aggregate, and \$500,000 each occurrence. The Contractor must notify the City prior to usage of hazardous chemicals so that adequate insurance coverage is provided prior to use. Failure to notify the City shall be deemed a material breach of this Contract.
- F. Waiver of Subrogation. All required insurance policies, except for Workers' Compensation, are to be endorsed with a Waiver of Subrogation. The insurance companies, by proper endorsement or through other means, must agree to waive all rights of subrogation against the City, its Commissioners, officers, officials, employees, volunteers, and the City's insurance carriers, for losses paid under the terms of these policies that arise from the contractual relationship or work performed by the Contractor for the City. It is the Contractor's responsibility to notify its insurance company of the Waiver of Subrogation and request written authorization or the proper endorsement. ADDITIONALLY, THE CONTRACTOR, ITS OFFICERS, OFFICIALS, AGENTS, EMPLOYEES, VOLUNTEERS, AND ANY SUBCONTRACTORS, AGREE TO WAIVE ALL RIGHTS OF SUBROGATION AGAINST THE CITY AND ITS INSURANCE CARRIERS FOR ANY LOSSES PAID, SUSTAINED, OR INCURRED, BUT NOT COVERED BY INSURANCE, THAT ARISE FROM THE CONTRACTUAL RELATIONSHIP OR WORK PERFORMED. THIS WAIVER APPLIES TO ANY DEDUCTIBLES OR SELF-INSURED RETENTIONS FOR WHICH THE CONTRACTOR OR ITS AGENTS MAY BE RESPONSIBLE.
- G. Policy Form.
- (1) All policies required by this Contract, except for Workers' Compensation and Professional Liability, or unless specific approval is given by Risk Management through the City's Purchasing Division, are to be written on an occurrence basis, and must name the City of North Port, Florida, its

Commissioners, officers, agents, employees, and volunteers as additional insured as their interest may appear under this Contract. Claims made policies may be accepted for professional liability, hazardous materials and other risks as are authorized by the City's Purchasing Division. All claims made policies contributing to the satisfaction of the insurance requirements must have an extended reporting period option or automatic coverage of not less than two (2) years. If provided as an option, the Contractor must purchase the extended reporting period on cancellation or termination unless a new policy is affected with a retroactive date, including at least the last policy year.

- (2) Insurance requirements itemized in this Contract, and required of the Contractor, must be provided by or on behalf of all subcontractors to cover their operations performed under this Contract. The Contractor is responsible for any modifications, deviations, or omissions in these insurance requirements as they apply to its subcontractors.
- (3) Each insurance policy required by this Contract must:
 - (a) Apply separately to each insured against whom claim is made and suit is brought, except with respect to limits of the insurer's liability.
 - (b) Be endorsed to state that coverage must not be suspended, voided, or cancelled by either party except after notice is delivered in accordance with the policy provisions. The Contractor is to notify the City's Purchasing Division of any occurrence by written notice via certified mail, return receipt requested.
- (4) The City retains the right to review, at any time, coverage, form, and amount of insurance.
- (5) The Contractor is solely responsible for payment of all premiums for insurance required in this Contract and is solely responsible for the payment of all deductibles, SIR (self-insured retentions), any loss or portion of any loss that is not covered by any available insurance policy, and retention as set forth in the policies, whether the City is an insured under the policy. The Contractor's insurance is considered primary for any loss, regardless of any insurance maintained by the City.
- (6) All certificates of insurance must be approved by the City before commencement of any work. All required certificates of insurance must be accompanied by a copy of the additionally insured documents/endorsements (CG 20101185 or combination of CG 2010370704 and CG 20370704). Certificates of insurance evidencing claims made or occurrences form coverage and conditions to this Contract, as well as the contract number and description of work, are to be furnished to the City's Purchasing Division at 4970 City Hall Boulevard, Suite 337, North Port, FL 34286 prior to commencement of the work and a minimum of thirty (30) calendar days prior to expiration of the insurance contract when applicable. The certificate of insurance issued by the underwriting department of the insurance carrier must certify compliance with the insurance requirements of this Contract. No changes may be made to these specifications without prior written approval by the City Manager or designee.

H. Notices. Notices of Accidents (Occurrences) and Notices of Claims associated with work being performed must be provided to the Contractor's insurer(s) and the City's Purchasing Division as soon as practicable after notice to the insured Contractor.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. PROJECT INSURANCE REQUIREMENTS

A. Insurance.

- (1) Before performing any work, the Contractor and subcontractors must procure and maintain during the Contract Time the insurance identified in this Section 8 against all claims of injury to persons or damage to property which may arise from or in connection with its performance of the Contract work, unless otherwise specified. The insurance policies must remain in full force and effect until their obligations and warranty periods have been discharged or satisfied.
- (2) The policies of insurance must be primary and written on forms acceptable to the City, placed with insurance carriers approved and licensed by the State of Florida Department of Financial Services, and meet a minimum financial A.M. Best and Company, Inc. rating of no less than "A – Excellent: FSC VII."
- (3) The City Manager or designee may alter the amounts or types of insurance policies required by this Contract upon written agreement with the Contractor.
- (4) Proof of insurance must be filed by the Contractor with the City within ten (10) calendar days after the Effective Date of this Contract.
- (5) These insurance requirements are minimum requirements and in no way limit the indemnity covenants contained in this Contract. The City in no way warrants that the minimum limits are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work done by the Contractor, its agents, representatives, employees, or subcontractors. The Contractor is free to purchase additional insurance as it may determine necessary. The extent of the Contractor's liability for indemnity of the City must not be limited by insurance coverage or lack thereof, or unreasonably delayed for any reason, including but not limited to, insurance coverage disputes between the Contractor and its carrier.

B. Workers' Compensation and Employers' Liability Insurance. Coverage pursuant to Florida Statutes, Chapter 440 must apply to all employees at the statutory limits provided by state and federal laws. The policy must include Employers' Liability with a limit of \$1,000,000 for each accident; \$1,000,000 for each employee; and \$1,000,000 policy limit for bodily injury or disease.

C. Comprehensive Commercial General Liability Insurance. A comprehensive commercial general liability policy, including but not limited to bodily injury, property damage, broad form contractual liability and Explosion, Collapse and Underground (XCU) coverage.

- (1) The general aggregate limit must apply separately to this Contract, or the general aggregate limit must be twice the required occurrence limit.
- (2) The policy must include General Liability with a limit of \$1,000,000 for general aggregate; \$1,000,000 for each occurrence; \$1,000,000 for products and completed operations; \$1,000,000 for damage to rented premises; and \$100,000 for fire damage.

- (3) The City of North Port is to be named additionally insured on the insurance policy.
- D. Automobile Liability Insurance. Automobile liability insurance to include all owned, leased, hired, and non-owned vehicles.
- (1) Automobile liability insurance must be written on a standard ISO form (CA 00 01) covering any auto (Code 1), or if the Contractor has no owned autos, hired (Code 8) and non-owned (Code 9) autos.
