SUBJECT: Myakkahatchee Creek Environmental Park Restroom, Bridge & Observation Deck - Direct Select of Construction Manager at Risk – Halfacre Construction

Parks and Recreation supports the direct selection of Halfacre Construction, under Contract No. 2023-17.002 Construction Manager at Risk, as the preferred Construction Manager at Risk (CMaR) to carry out the repairs to the Myakkahatchee Creek Environmental Park (MCEP) Bridge & Observation Deck.

Project P17EPI, Environmental Park Improvements currently consists of two individual project areas, the restroom replacement and the bridge and observation deck repairs / replacement. Halfacre Construction was selected as CMaR for the MCEP Restroom Project under Work Assignment 2023-01FM. In consideration of the proximity of the MCEP Bridge & Observation Deck to the Restroom project site, it is the recommendation of Public Works that a Work Assignment be negotiated with Halfacre to oversee both project areas (restroom and bridge & observation deck) in order to have a clear point of responsibility for site safety and to avoid potential conflict with multiple subcontractors working within close proximity. Halfacre has extensive experience in passive park amenities, and this alignment will allow for materials specified and trades involved to be better aligned which will allow for the City to find benefit through economy of scale by combining the projects under one bid effort.

In accordance with the Purchasing Manual, Request Letter of Interest (RLI), Direct Work Assignment Process, page 19, "Upon approval for the Sr. Purchasing/Contract Administrator or designee, City staff may forego the Letter of Interest Process and proceed directly with the Work Assignment process." The scope of preconstruction services and fee schedule based on contracted hourly rates will be negotiated and included in the MCEP Bridge & Observation Deck work assignment. This process is requested in order to establish a single source of responsibility during construction and a more cost effective GMP.

Facility Manager, Kim Humphrey, has consulted Halfacre and has verified that they are willing and able to move forward with this work in an expeditious manner.
