Sarasota Butterfly Club

Why do you desire to serve on the above Board/Committee? Please list any relative experience, if applicable.

I am concerned with the cities growth and wish to see a good balance in population growth and preservation of natural resources. I have been an active member in the Sarasota Butterfly club for the past 5 years and learned much about the native plants and animals in our county. I have a native garden throughout my yard and it attracts much wild life. I would like to see more areas like this in our city. I enjoy learning and am willing to share what I have learned. If I can help the city to grow more native areas, public or private, I would like to help. We can always attract more businesses and residents but we need to balance it out with providing clean air, water and native plants.
