EXHIBIT B
SERVICE LEVEL AGREEMENT

Licensor will use commercially reasonable efforts to make the Service available with a monthly uptime percentage of at least 99% across the subscription period (the “Availability Percentage”). “Availability” shall not include time that the Service is not accessible due to: (a) Scheduled Maintenance; (b) Force Majeure Events; (c) misuse of the Service by Customer or its Users; or (d) problems outside of the Licensor’s hosting environment, including problems with the network, systems, equipment, hardware, software or communications of Customer or its Users. In the event of an unscheduled outage or other unplanned Service issue that materially impacts the Customer’s ability to use the full functionality of the Service, Licensor will take all commercially reasonable steps to restore proper Service as soon as possible.

Licensor shall provide Customer with advance notice of the timing of Scheduled Maintenance and will work with Customer to establish Scheduled Maintenance at times that are commercially reasonable for the nature and type of Service being provided. To the extent commercially reasonable, Licensor shall attempt to perform Scheduled Maintenance during historically low use hours based on average use by its clients. Licensor may conduct emergency maintenance on an “as needed” basis.

Licensor will engage with the Customer in the use of the Service as follows:

- Provision of training materials and web-based training seminars
- Technical assistance to support the resolution of user-specific performance issues. Such assistance shall be available during normal business hours, 9 am to 5 pm ET, Monday through Friday
- Communication of the timing and impact of upcoming software release upgrades
- Collecting and collating Customer feedback for consideration in future software releases

In the event that the Availability Percentage falls below 99% in any calendar month, Customer shall receive from Licensor a service credit equal (in percentage) to the service credit Licensor receives from Licensor’s third-party Suppliers for such availability failures. Such percentage credit shall then be applied against the Service Fee paid by Customer to Licensor to determine the Service Credit owing to Company. To receive the service credit, Customer must submit a claim to Licensor that includes the dates and times of each outage incident along with any logs or other documentation that evidence the outage or corroborate the claim. Such claim must be submitted within sixty (60) calendar days of the end of the month in which any such outage occurs. Service credits will be applied against future fees owing to Licensor, provided, however, that if the Service Credit occurs at the end of the term of the Agreement or if any applicable Service Fee has been previously paid in full, the Service Credit shall be refunded to Customer with thirty (30) days of the approved claim.

Notwithstanding anything contained in this Attachment or the Agreement to the contrary, should the Availability Percentage fall below 99% more than three (3) times during the term of the pilot, Customer may terminate this Agreement for cause upon notice to Licensor.
