

APPLICATION FOR TRANSFER OF A PWS CONSTRUCTION PERMIT

INSTRUCTIONS: This application shall be completed and submitted by persons proposing to transfer specific Department of Environmental Protection (DEP) construction permits for public water system facilities and by persons proposing to transfer use of the DEP's "General Permit for Construction of Extensions to PWS Water Mains" or use of the DEP's "General Permit for Construction of Lead or Copper Corrosion Control, or Iron or Manganese Sequestration, Treatment Facilities for Small or Medium PWSs." WITHIN 30 DAYS AFTER THE SALE OR LEGAL TRANSFER OF OWNERSHIP OF A PERMITTED PROJECT THAT HAS NOT YET BEEN APPROVED, OR CLEARED, BY THE DEPARTMENT FOR PLACEMENT INTO PERMANENT OPERATION,* complete this application and submit it to the appropriate Department of Environmental Protection District Office or Approved County Health Department. All information provided on this application shall be typed or printed in ink. NOTE THAT A SEPARATE APPLICATION IS REQUIRED FOR EACH CONSTRUCTION PERMIT PROPOSED FOR TRANSFER.

* Persons are encouraged to apply for transfer of construction permits prior to selling or legally transferring ownership of permitted projects. However, no permit transfer shall be effective prior to the sale or legal transfer of ownership of the project.

II. Certifications

A. Certification by Current Permittee

I am duly authorized to sign this application on behalf of the current permittee identified in Part I of this application, and I hereby notify the Department of the current permittee's sale or legal transfer of ownership of the project listed in Part I of this application. This sale or legal transfer of ownership became, or will become, effective on

I request that the Department of Environmental Protection construction permit for this project be transferred to the proposed permittee identified in Part I of this application. Furthermore, I agree to assign to the proposed permittee the current permittee's rights as permittee if the Department approves this permit transfer.

I understand that this permit transfer shall not become effective prior to the sale or legal transfer of ownership of this project. I understand that, until this permit transfer is approved by the Department, the current permittee will remain liable for compliance with the terms of the permit. I also understand that, even if this permit transfer is approved by the Department, the current permittee will remain liable for any corrective action required as a result of permit violations occurring prior to the Department's approval of this permit transfer.

APPLICATION FOR TRANSFER OF A PWS CONSTRUCTION PERMIT

DEP Construction Permit Number: 0208589-1072

B. Certification by Proposed Permittee

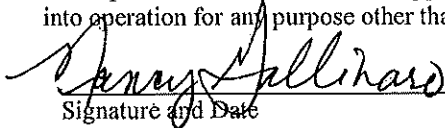

I am duly authorized to sign this application on behalf of the proposed permittee identified in Part I of this application, and I hereby notify the Department of the proposed permittee's acquisition of ownership of the project listed in Part I of this application.

This

acquisition of ownership became, or will become, effective on _____.

I request that the Department of Environmental Protection (DEP) construction permit for this project be transferred to the proposed permittee. The proposed permittee has examined the permit application or notification and any supporting documents that were submitted by the current permittee identified in Part I of this application and that were the basis for issuance of the permit, and the documents still accurately and completely describe this project. The proposed permittee also has examined the permit and agrees to comply with its terms and conditions and to assume the rights and liabilities contained therein if the Department approves this permit transfer.

If the Department approves this permit transfer and if this project was designed under the responsible charge of a professional engineer licensed in Florida, I understand that the proposed permittee must retain a Florida-licensed professional engineer to take responsible charge of inspecting construction of this project for the purpose of determining if the construction proceeds in compliance with the DEP construction permit, including the approved preliminary design report or drawings and specifications, for this project. Also, if the Department approves this permit transfer, I understand that the proposed permittee must have complete record drawings prepared for this project and that the proposed permittee must submit a certification of construction completion to the Department and obtain written approval, or clearance, from the Department before the proposed permittee places this project into operation for any purpose other than disinfection, testing for leaks, or testing equipment operation.
