To Whom it May Concern

Dear Sir/Madam,

My name is Pastor Kesner Velima. I am the owner of a property located in North Port, Florida.

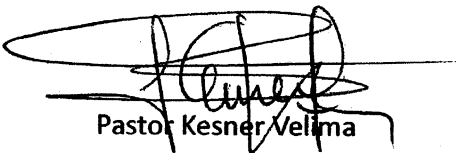

I recently cleared vegetation on my lot with the intention of maintaining and securing the property. Unfortunately, I was not aware that a permit was required prior to performing this work.

I would like to correct this situation and ensure that I am fully compliant with the City's regulations. Please advise me on the appropriate steps to take, including applying for any necessary permits or resolving any requirements related to the work already completed.

I am willing to cooperate fully and follow all guidelines provided.

Thank you for your assistance.

Sincerely,

Pastor Kesner Velima
