R012338-011024	1/10/2024	Cheryl Cook	citymatters58@gmail.com	For purposes of public records, I am including the city clerk in this email request to Ms. Slayton Good morning, Ms. Slayton: Recently, the city approved or presented for approval an ordinance regarding parking. This was actually a very extended issue first brought up when I was still in office and it was a continued topic of Linda Yates. At the earliest stages, this issue began as "boats in the driveway," for which Ms. Yates wanted a moratorium on code enforcement citing individuals' boats being parked in a driveway. After the election of 2016, or thereabouts, this "boats in the driveway" moratorium issue became an expanded issue of "parking." Sometime between the time you were promoted to city attorney in 2017 and the time the former city attorney held that position, and after the 2016 election, Ms. Yates, with the expanded "parking" issue, was allowed by then then commission of 2017 to personally write, according to official city video and minutes, the parking ordinance. There were multiple agenda items, perhaps including all-day workshop/s for this ordinance. It appears that the "Yates" ordinance has been rewritten using this newest parking ordinance. My request is for all documents, notes, calendar entries, et cetera, of your participation in private meetings with Ms. Yates for purposes of the previous Yates-written parking ordinance. Thank you		Assigned

R012099-110723	11/7/2023	Dan Lobeck	dlobeck@lobeckhanson.com	All records received or generated from 06/01/23 through the date of the response to this 11/07/23 request, related to the potential development of Parcel K in the Heron Creek Community of the Heron Creek Development of Regional Impact (DRI), with all attachments and exhibits, including but not limited to any and all related developer applications and pre-application submittals and any and all related proposals for Comprehensive Plan or Code amendments, together with all staff review comments and questions, developer responses, internal emails and memoranda, and analyses. This request is both for any "Building Documents" and other records. Pursuant to s. 119.07(1)(e) and (f), Florida Statutes, if any record is withheld or redacted, this is to request that the records custodian specifically state the basis for the specific exemption from disclosure including the exact statutory citation and state with particularity the reasons for the conclusion that the record is exempt or confidential. A general reference to the exemption being the entire Public Records Act and with no explanation of how the exemption applies does not comply with the law and is insufficient. A record which is initially identified as potentially responsive and then redacted or otherwise withheld on the basis that it is not responsive to the request is nevertheless requested regardless of the subject matter and as such is within the scope of this request. R011960-101023	10/10/2023	Andrew Sheets	federallawsuit4freeseech@gmail.com	Dear Mayor, Council and MR KUHARSKI I write to bring to your attention further violations of my civil rights and freedom of speech as well as to file a records request. Due to his propensity to not be able to tolerate criticism and his disdain for the First Amendment, COUNCIL MEMBER KUHARSKI has blocked and/or deleted my comments AND OR HIDDEN ME AND OTHERS from his official social media FACEBOOK page. This creates a prior restraint and is unlawful censorship by a state actor. I hereby file a formal records request under FS. 119 for copies of all comments I have made to the KUHARSKI FACEBOOK social media pages where he discusses City business, which he has deleted. I am also formally requesting the complete block lists showing all persons who have been blocked from any of KUHARSKI official social media pages. As always I demand electronic copies of electronic records. Further, if any record or portion thereof is found to be exempt please provide the statutory exemption and a statement in writing with particularly explaining the reason for the conclusion that any record or portion thereof is exempt. To save the City's coffers and time, I hereby make an offer for settlement and compromise. Please let me know your position and/or thoughts. Regards, ANDREW SHEETS,CIVIL RIGHTS ACTIVIST FOR FREE SPEECH AND A FREE PRESS Well KUHARSKI wanted to exercise his speech rights, so I went to his campaign page and WANTED 2 DO the same. BUT I COULDNT,HE ONLY LIMITS HIS FRIENDS? The problem is he uses that page to discuss City business, so it is a open public forum under the First Amendment. As such censorship could be a crime under 18 USC 242. Further, he and the City can be sued civilly under 42 USC 1983. Additionally, KUHARSKI uses the page to perpetuate, communicate, or formalize knowledge in association with City business, so it is a public record. If he deleted those comments with an intent to provide a gain to himself or harm me, it may be official misconduct under FS. 838.022(1)(b). KUHARSKI may want to hide the truth, but we have Government in the Sunshine for a reason.	10/10/2023	No Records Exist

R012162-112223	11/22/2023	Therese McPherson	mcpersontherese@gmail.com	Dear Building Division, Alaina Ray, David Greenbaum, and commissioners, CC Attorney David Shapiro CC Ted and Roger from Wolff Roofing I trust this message finds you well. I am writing to bring to your attention a matter of concern regarding the recent developments pertaining to the roof repair project at 1761 Milan St. As you are aware, I have been in continuous communication regarding the need for repairs, and it has come to my attention that there are discrepancies in the evaluation of the roof's condition. The roof in question received approval from the building division, a process for which I diligently provided documentation to substantiate the necessity for repairs. It has recently come to my attention that the City of North Port is now asserting that the roof is in such a state of disrepair that it necessitates a full replacement. This inconsistency raises significant questions, as the initial approval implied a satisfactory assessment of the roof's condition. It is perplexing that a roof, which received approval for repair, is now deemed so extensively damaged that repair is purportedly unfeasible. In light of these developments, I kindly request that the City of North Port conduct a thorough and accurate final inspection of the roof to reevaluate its current condition. I believe that a more precise examination will provide a clearer understanding of the extent of repairs required. Subsequently, I request that any final approval granted to Wolff Roofing be rescinded, taking into account the factual state of the roof. I am committed to resolving this matter amicably and efficiently, and I appreciate your prompt attention to this request. If necessary, I am open to scheduling a meeting or providing any additional information to facilitate a comprehensive reassessment of the situation. Thank you for your time and consideration. I look forward to a resolution that ensures the integrity and safety of the property in question. Sincerely, Therese McPherson	11/22/2023	Not Public Records Request
