

Six Month Impact Statement

Define your non-profits missions/goals?

Family Promise of South Sarasota County's mission is to provide housing support to families and children experiencing homelessness. Through shelter, case management, and supportive services, we help families achieve lasting stability and economic mobility.

The appliances for our new Baffin shelter were received; however, due to ongoing renovations and permitting delays, they have not yet been installed or used. Once renovations are complete, the Baffin shelter will provide temporary housing for families in crisis. We anticipate serving 16–24 families annually (approximately 40–60 individuals), based on typical 3-month stays. These appliances will help create a safe, supportive living environment, which aligns directly with our mission to support families as they transition from homelessness to stable housing.

Indicators or methods used to measure impact?

- Number of families served annually
- Average length of stay
- Exit to stable housing
- Household composition and demographics served
